THEME OF THE CONFERENCE

The Sustainable Development Goals (SDGs) or Global Agenda 2030 is the focus of United Nations for eradicating poverty, protecting the planet, and ensuring prosperity across all nations. These SDGs with 169 targets replace the narrower and limited Millennium Development Goals. It endures more focus based approach that can bring better protection of basic rights, more contribution to the progress of well-being and make each individual involved more accountable.

Higher Education Institutions play a vital role in achieving the Sustainable Development Goals by facilitating developments across Social, Economical & Environmental domains in the country. Hence this International Conference is aimed at designing the sustainable plans in partnership with multiple stakeholders and in assisting the Higher Educational Institutions to incorporate the sustainability into their policy & governance.

The conference has a two-fold agenda

1. Technical Sessions by representatives from all 17 United Nations Academic Hubs (UNAI) on suggested strategies to achieve a specific SDG in addition to sharing of their initiatives and best practices.
