Dr. Sakhivel R is an emerging academician in the field of Commerce and Finance, with over 11 years of teaching and industry-linked experience across Kerala, Tamil Nadu, and Karnataka. He is currently serving as an Assistant Professor in the Department of Commerce (PG). His research primarily focuses on finance, investor behaviour, commodity markets, and banking services. He earned his Ph.D. in Commerce (Finance) from Bharathiar University, with a research emphasis on investor perception in commodity markets. His academic contributions include 34 publications and presentations at 21 international conferences, along with active participation in national and state-level seminars. He is actively involved in academic development initiatives, including organizing faculty development programs, facilitating student internships, promoting field-based learning, and leading skill enhancement activities. His work reflects a strong commitment to experiential learning and student-centric pedagogy. His achievements are further complemented by interdisciplinary exposure through projects on customer satisfaction in banking and industrial training. With strengths in leadership, coordination, and public speaking, He continues to contribute to research, curriculum innovation, and the holistic development of students in commerce education.
