#### **Brief Write up on the programme:**

The Department of Commerce (PG) and Department of Social Work in association with Kristu Jayanti Incubation Centre organized an Expert Talk on Design Thinking for Sustainable Innovation: Entrepreneurial Perspective, on 18<sup>th</sup> November 2023, Saturday. Dr. D. Ravindran, Convenor and Innovation Ambassador, Kristu Jayanti Incubation Centre and Faculty (Marketing), School of Management, Kristu Jayanti College (Autonomous), Bengaluru was the resource person.

In today's evolving economy, it is important for every individual to analyze their attitude towards business and to build a successful career in it. It is where entrepreneurship plays an important role. An entrepreneur is an individual who takes on the initiative and risk to start and manage a business venture, typically with the goal of achieving profit or addressing a specific

### **REPORT**

### **SEMINAR ON INNOVATION TO INCUBATION**

**ACADEMIC YEAR 2023-24**

**ODD SEMESTER**

**Date:** 06/10/2023

**Time:** 11:50 a.m.

**Venue:** M3 Auditorium, Main Block, Kristu Jayanti College (Autonomous), Bengaluru

**Classes Attended and Number of Beneficiaries:** 266 Nos, 1 SEM B.COM BA-A, BA-B, CMA, IBF-A, IBF-B

**Collaborator:** Department of Professional Accounting and Finance

**Name and details of the Resource Person:** Dr. D. Ravindran, Assistant Professor, Kristu Jayanti School of Management, Convenor & Innovation Ambassador (IIC), Kristu Jayanti Incubation Center, Bengaluru.

**Objective:** The objective was to help the students in their journey of Entrepreneurship.

**Brief write up:** A seminar on 'Innovation to Incubation' was conducted for the first-semester B.Com Professional Accounting and Finance students. The guest speaker for this insightful session was Dr. Ravindran D, an Assistant Professor at the School of Management, Kristu Jayanti College, Autonomous. Dr. Ravindran also holds the role of Innovation Activity Coordinator in the Kristu Jayanti Incubation Center and is associated with the Institution's Innovation Council (IIC) under the Ministry of Education (MoE). During the seminar, Dr. Ravindran commenced with an exploration of the potential paths in our lives, ranging from pursuing higher studies to entering the workforce or even starting a family. He offered valuable insights by presenting a graphical representation of the Indian job market. Moving forward, he delved into the essence of business, simplifying it as the act of exchanging payment for services rendered. He emphasized that business could be as straightforward as getting paid for a task, irrespective of its complexity. The seminar also explored the realm of startups and unicorns.

Dr. Ravindran defined startups as initiatives aimed at addressing specific problems and providing solutions. Crucially, he highlighted that age or initial funding need not limit the pursuit of a viable startup idea, provided it meets the criteria of being feasible, scalable, and profitable. He supported his insights with numerous startup success stories, emphasizing their ability to identify gaps between consumers and service providers in the market. One such example was Bhavish Aggarwal, CEO, and Co-Founder of Ola, who emphasized that winning the market was not solely about financial capital but also about delivering a superior customer experience. Ola's working model bridged the gap between customers seeking hassle-free transportation and transport aggregators, ensuring a mutually beneficial partnership. A similar approach was employed by Swiggy, which capitalized on the convenience factor, targeting customers' preference for home-delivered meals due to factors like convenience or time constraints.

Dr. Ravindran further illustrated successful business strategies by sharing the story of Parker pens. Contrary to conventional business wisdom of lowering prices when facing losses, Parker chose to enhance the perceived value of its pens, ultimately transforming into a premium brand renowned for gifting. The seminar offered valuable insights into the world of innovation, startups, and successful business models.

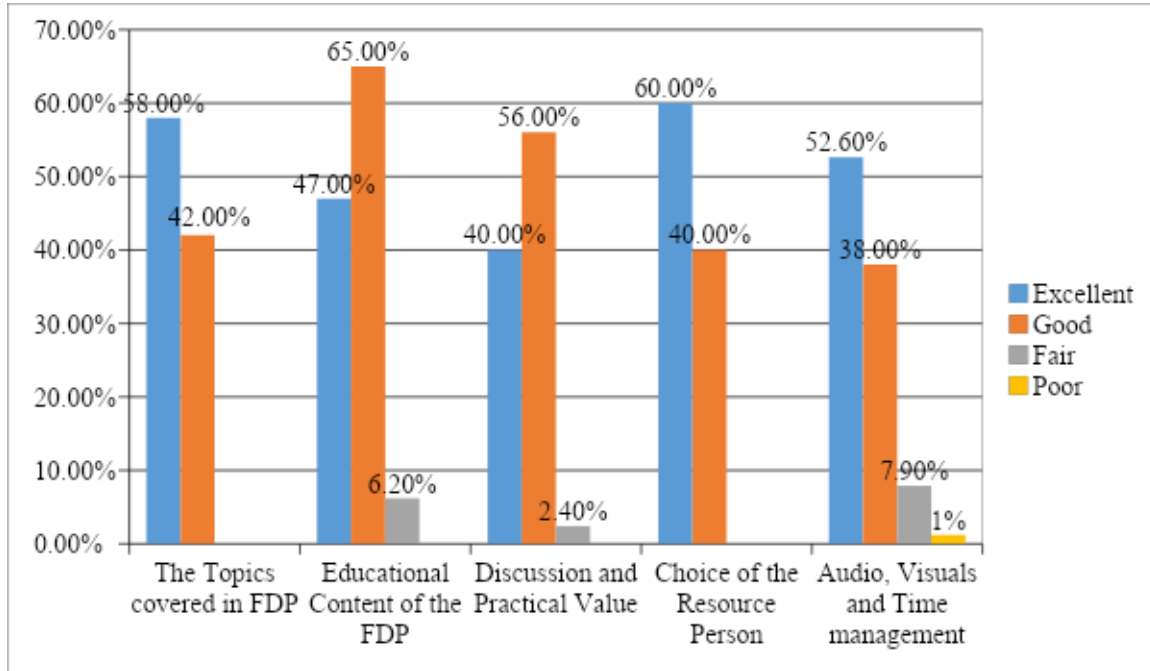

**Outcome:** KJIC was introduced to the students. 2 students became members of the same.

## **Objective:**

To get an insight about Smart India Hackathon 2023, the ideathon provides platform for the students to encourage and motivate to showcase their entrepreneurship skills which will be helpful for them to participate in National level smart India hackathon 2023 competition.

## **Brief Write up:**

This Internal Hackathon acts as a selection procedure for Nominating students for SIH 2023. Students referred to the problem statements from SIH website (<https://www.sih.gov.in/>) and they selected a problem statement and gave their idea to solve it. This submission were collected through google form and it went through a preliminary level of selection. The selected 16 teams have showcased their solution in the form of presentation on the final day of the event – Ideathon (13<sup>th</sup> September 2023).

The event has brought together 96 innovative minds to the venue where all participants and judges met and exchanged their ideas. It gave an opportunity for judges to listen to creative young minds and their enthusiasm towards creating a better place for common man to live. Participants got opportunity to listen to ways of implementation of their ideas and the expertise of experience hands.

## KRISTU JAYANTI INCUBATION CENTRE

### REPORT

### QUALITY CONSCIOUSNESS - A KEY TO SUCCESS

### ACADEMIC YEAR 2023-24

### ODD SEMESTER

**Date:** 09/09/2023

**Venue:** A2 Auditorium, Admin Block, Kristu Jayanti College (Autonomous), Bengaluru.

**Time:** 11:00 a.m. - 1.00 p.m.

**Beneficiaries:** MBA I Year (Section A, B & C) - 164 students

**Collaborator:** School of Management, Kristu Jayanti College (Autonomous), Bengaluru

**Name of the Speaker:** Dr. Narasimha Murthy MA

**Details of the Speaker:** Senior Director - Quality Management  
Country Head - Global SWQM

Center of Competency Infineon Technologies

**Collaborator:** School of Management

**Objective:** Students' interactions with professionals from the industry expose them to practical experience and industry insights. It creates an understanding of how crucial it is to pay attention to details and be quality conscious in order to survive and flourish in the corporate world. The main focus of this AIIS is on Quality consciousness in both personal and professional life.

#### **Brief write-up on the event:**

Kristu Jayanti School of Management organized an interaction with Dr. Narasimha Murthy MA, Senior Director, Quality Management, and Country Head - Global SWQM, Center of Competency, Infineon Technologies, on 9th September 2023, who had 35 years of experience in the industry. The interaction was organized at the college under the Academia-Industry Innovative Series (AIIS). The Master of Ceremony for the programme

was Ms. Ann Mary Teresa of I MBA, and the session commenced with the welcome address by Ms. Anna Jacob of I MBA. The guest speaker was presented with a sapling by Prof. Sen B Mathews, Director, Centre of Employability and Corporate Relations (CECR) and Faculty member, School of Management. Mr. Jobin Baby of the I MBA, introduced the guest speaker to the gathering.

Dr. Narasimha Murthy began the session by sharing his insights gained over three decades of life and work experiences. He began with an ice-breaking session through a puzzle, where students were exposed to the importance of paying attention to details. The session was conducted in an interactive way by highlighting the importance of quality consciousness through real-time case studies and videos. The audience was made to ponder their perceptions on the topics: consciousness, quality, alertness, and attention to details. He briefed the students on the importance of the above terms in one's career and life.

Mr. Murthy also explained why 'Quality Gyaan' is important for MBA graduates. He insisted that the students implement the 'First Time Right' concept, which is intended to ensure that activities are performed correctly the first time so that no rework is necessary. The speaker also introduced the audience to the 9 P model as well as the 11 C model for a successful life and career that was developed by himself based on his 35+ years of professional experience. The session ended with an interactive Q&A session. Mr. Charan Y, of I MBA, formally thanked the dignitaries and the audience. Dr. M.K. Baby, Head of the Department, School of Management, gave the closing remarks. The college anthem marked the end of the meeting.

**Outcome:** The students understood the importance of being quality conscious and building their problem-solving skills, which will help them succeed in their lives and career.

**VALUE ADDED COURSE ON DESIGN THINKING FOR BUSINESS**  
**ACADEMIC YEAR 2023-24**  
**ODD SEMESTER**

**Date:** 31/08/2023 to 15/09/2023

**Venue:** P1 Auditorium, PG Block, Kristu Jayanti College (Autonomous), Bengaluru.

**Class Attended:** MBA I Year (Section A, B & C) – 170 students

**Detail of the Speakers:** Dr. Baba Gnanakumar, Dr. Joseph Charles, Dr. Ravindran, Dr. John William A, Dr Naveen Kumar R, Faculty Members, School of Management, Kristu Jayanti College (Autonomous), Bengaluru.

**Collaborator:** School of Management, Kristu Jayanti College (Autonomous), Bengaluru

**Objective:** The objective of a value-added course on design thinking for business to students is to equip them with a practical and innovative problem-solving approach that can be applied in various business settings.

**Brief write-up on the event:**

Kristu Jayanti School of Management organized a Value-Added Course on the topic Design Thinking for Business for the first year MBA students of the 2023-2025 batch, conducted by the faculty members of the School of Management, from 31/08/2023 to 15/09/2023. The value-added course was intended to enhance the students' awareness on the quick and innovative business problem solving approach. In today's rapidly evolving business landscape, innovation and adaptability are paramount. To thrive in this dynamic environment, MBA students of the 2023-2025 batch must equip themselves with a powerful problem-solving framework known as Design Thinking. This approach revolutionizes how businesses tackle challenges, emphasizing empathy, creativity, and user-centricity.

The course was handled by five faculty members from the School of Management. The first unit was handled by Dr Naveen Kumar R, he delivered his idea on learning Design Thinking is not just about mastering a methodology; it's about adopting a mindset that embraces empathy, creativity, and iterative problem-solving. The second unit by Dr. Joseph Charles, focused on The Five Stages of Design Thinking: Empathize, Define, Ideate, Prototype, and Test. Adding

to that why should you, as future business leaders, care about Design Thinking? Simply put, because it equips you with the ability to tackle problems that don't come with a predefined formula.

The third unit by Dr. Ravindran, discussed on explores how design thinking can transform the way businesses create value, emphasizing the importance of balancing analytical thinking with intuitive thinking. Dr. John William A briefed that your opportunity to tackle a problem, big or small, with this structured yet flexible approach. Remember, there are no right or wrong answers; the goal is to embrace creativity, empathy, and iterative problem-solving. Dr. Baba Gnanakumar commented on Design Thinking often involves navigating uncertainty and learning from failures. It's perfectly normal not to have all the answers from the start. The process itself will guide you towards innovative solutions.

Collectively, these topics aim to empower MBA students with a holistic understanding of Design Thinking as a powerful problem-solving methodology. By providing both theoretical knowledge and practical application, students are equipped to leverage Design Thinking in their future roles as business leaders, managers, and innovators. This knowledge also enables them to drive innovation, create user-centric solutions, and navigate complex business challenges effectively.

## **Outcome:**

Students understood the importance of Design Thinking for Business, they acquire the acumen to select and define pertinent business challenges, exhibiting a discerning eye for opportunities where Design Thinking can deliver optimal solutions. Through the iterative process of generating and testing prototypes in a user-centric manner, students develop a competency in refining solutions based on invaluable user feedback. This results in a cohort of MBA graduates poised to lead with innovation, employing Design Thinking as a pivotal tool in their arsenal for driving business success and effecting positive change within their organizations.
