Embrace AI, opportunities will open up, says CEO

TIMES NEWS NETWORK

Bengaluru: Saurabh Chandra, CEO, Ati Motors, Friday encouraged students to embrace artificial intelligence (AI) as a tool to solve problems and create values across industries. He was speaking at The Times of India's Leaders on Campus initiative.

The event was hosted at Kristu Jayanti (Deemed-to-be University). Chandra, while noting that AI's evolution was uncertain, said it offered vast opportunities.

He explained how neural networks, trained on examples rather than fixed algorithms, have transformed problem-solving and reduced reliance on large teams. However, he cautioned that AI's limited accuracy is not always sufficient for critical areas like driving or medicine, though it is effective in marketing and customer support.

In a fireside chat with Edward Aloysius, registrar, Kristu Jayanti, Chandra urged students, especially non-technical ones, to become "power users" by asking the right questions to harness AI effectively. Entrepreneurs, he said, should combine business sense with AI tools as smaller teams can now scale

LEADERS
ON
CAMPUS

“Our association with The Times of India has been long, and our students have been regular readers. Through weekly sessions on current affairs in college, students not only read beyond headlines but also engage critically with news. The Leaders on Campus is part of that holistic learning experience, bringing inspiring industry figures to interact with our students...”

faster with lower funding requirements.

Using robotics as an ex-

ample, he highlighted how innovation faces challenges when digital integrates with

physical. Despite concerns about inequality, Chandra stressed that embracing AI,

rather than resisting it, will open global opportunities and fuel growth.

STUDENTS SHINE IN QUIZ

At the head of the talk, The Times of India hosted a thematic quiz on AI exclusively for college students in Bengaluru.

The quiz featured three questions each day for three days. Students who answered all questions correctly are: D Rakshita (RV College of Engineering); Anushka SN (Mount Carmel College); Sumanth H (Brindavan College of Engineering); Rojal Chand, Akshay Suresh, Sahil Chhetri, Ayush Barman, Hasini Patnaik, Sakshi Singh and Joseph Shibu Antony from Kristu Jayanti (Deemed-to-be University).
