

Kristu Jayanti School of Management organizes International Lecture Series

Kristu Jayanti School of Management, organized an Interactive lecture through its 'International Lecture Series' platform, where International Management, Business leaders & Experts interacted with the MBA/PGDM students.

Dr. Justin Paul, Professor, Graduate school of Business, University of Puerto Rico, USA spoke on the topic, "Changing Landscapes of Business in a Global Village". He shared a global perspective on the international trade, international culture, international business

environment and various business sectors. He concluded with the success mantra for the budding managers by equating success as a function of 'Hard work' and 'Network'.

Dr. Sheri Marina Markose, Founding Director, Centre for Computational Finance and Economic Agents (CCFEA), University of Essex, UK interacted with the students where he spoke about various aspects of Financial Network analysis through big data with both Global and Indian perspectives. Through data visualization he demonstrated the movement of funds from and to the various financial institutions, banks and Insurance companies. This was an enriching session widely on the areas of Economics, Finance and Analytics.
