

Kristu Jayanti School of Management organized Expert Lecture Series

Kristu Jayanti School of Management organized an interactive session on 'Future jobs and how the students should prepare for?' through its Industry Interaction platform, Expert Lecture Series. Dr. Prasad Padmanabhan, Ph.D, Professor of Finance, Myra Stafford Pryor Chair of Free Enterprise, Sam Walton Fellow, Greehey School of Business, St. Mary's University, United States was the resource person.

Dr. Prasad gave a futuristic perspective of the job market globally and in India. He highlighted the developments in the field of automation, autonomous vehicles, robotics & machine learning. Dr. Prasad emphasized on the increasing role of Robots in businesses and how the robots would replace much of human works.

He enlightened the students about the requirement of continuous learning, adaptability and flexibility to sustain in the future job markets. He advised the students to prepare a resume for the future and start to work from now on towards achieving it in the future. It was an interesting and lively interaction with the expert and it ended with a Q & A session.
