STRENGTHENING THE FOUNDATION

Fr. Dr. Augustine George (Principal)

Writing the preface for the third volume of the Department of Economics' newsletter, "ARTHAVISTA," makes me incredibly happy. I want to start by congratulating the editorial board for publishing such a fantastic Newsletter.

The Department of Economics has expanded in keeping with the mission of the college, which is to foster students' civic engagement and ideals in addition to providing them with a high-quality education. This newsletter highlights the school's successes over the past year in both the classroom and outside of it. It makes me happy to see how eagerly students engage in departmental activities and how hard the faculty members work to provide them with the information, skills, and character development they will need to assume leadership roles in the future. I hope the department's efforts will be successful in every way.

FOSTERING HOLISTIC EXCELLENCE

The Department of Economics at Kristu Jayanti College supports aspiring economists by educating them holistically in novel and revolutionary methods so that they are equipped to evaluate a situation rationally. The students are taught human values and professional ethics, which has a substantial positive economic and social impact in order to develop strong foundational and applied skills in our pupils. Seminars, guest lectures, conferences, fests, and many more co-curricular and extracurricular events are frequently held by the Department of Economics. The magazine ARTHAVISTA Vol. 3 provides a peep into the operations of the Department of Economics. I really appreciate the creative team's efforts and wish them well in their further endeavours.

Dr Aloysius Edward J Dean. Commerce & Management

Dr. Vinodha Devi K. Coordinator Department of Economics

BUILDING ABILITY AND DREAMS

Through ARTHAVISTA, I have the absolute pleasure of meeting you. The inhabitants of the economics department at Kristu Jayanti College have excelled in every imitation project they have worked on, and they have fought together against the difficulties of providing students with quality education that will foster their overall development and make them passionately curious about the world around them. Being a member of the team that works to foster students' finest growth has been a delight. At the same time, we seek to create memories that will inspire students to retrace the steps they took years ago with pride, emotion, and splendour. Future versions of this publication will include pieces produced by other parties. The Department will undoubtedly continue to develop and assist many more people in society in the years to come. I'd want to express my appreciation to the management and dean for their assistance and encouragement with this project.

My sincere gratitude is extended to the whole department's personnel and students for the diligent work they have done for Arthavista. I really hope you will find the pages that follow to be a fascinating read. Enjoy the book!

DEPARTMENT OF ECONOMICS

Department of Economics offers B.A. Applied Economics, BA Dual major (Economics with Political Science/History/Journalism), B.Sc. in Economics and Statistics (Dual major), and master's in economics (MA Economics). The undergraduate and postgraduate Programmes of Kristu Jayanti College offer a challenging curriculum that contains innovative teaching and evaluation methodology. It ensures that the students are well-trained in computational skills, statistical application, and an in-depth understanding of economic concepts to cope with emerging career challenges. The courses are designed to provide a sound theoretical background in modern economics and equip them with analytical tools and techniques for multi-dimensional economic research. The candidates of economics have a remarkable opportunity to enter the fields of corporate, analytics, academics, and Research Institutes. Department of Economics has been in collaborations expose the students to cutting-edge research in economics with strong analytical skills. The budding economists of our department are provided with several opportunities to build their careers in the field of economics without compromising their ethics and values of the profession.

VISION

To be a value-driven School of Economics at the National and International level by creating strong ethical, technical, and social sensitivity for public and private sectors, through the delivery of highest quality of instruction, research, and extension.

MISSION

To provide a cordial and healthy study and work ambience for both students and faculty for holistic development.

To apply knowledge in inter disciplinary environment with consideration for economic aspects of nation building.

To pursue applied research and disseminate knowledge in society.

International Conference

Fr. Dr. Augustine George, Principal, Kristu Jayanti College, addressing the gathering on "Sustainable and Inclusive Global economy: The Path to the next Normal". Department of Economics organized an International Conference on "Sustainable and Inclusive Global economy: The Path to the next Normal" on 26th April 2022 in collaboration with the Indian Economic Association and Dhaka school of Economics. The aim of the conference was to focus on the key issues, challenges and to provide a solution to attain a sustainable and an inclusive growth of the Global economy.

It also has provided a platform for the young research scholars and academicians to present their ideas. The international conference drew 187 internal participants and 34 external participants. In his Presidential address Fr. Dr. Augustine George, Principal, Kristu Jayanti College (Autonomous) Bengaluru, put forward the vital requirement of an essential shift and further innovative programs in the economic sector.

Keynote Session 1

The keynote speaker Dr. K. Nuariyal, Professor Head, Department of Humanities and Social Sciences, IIT Roorkee, detailed that India's upcoming depends on the global mind set. He stated that the sustainability has three main pillars: economic, environmental, and social. These three pillars were referred to as people, planet, and profits. He further opined that, natural resources and ecosystem services that keep human beings and other species alive and support human economies.

The International conference provided a forum for the young research scholars and academicians to exchange their thoughts and ideas, to communicate and state their research findings and conclusion, connected with a Sustainable and Inclusive Global economy.

Dr. K. Nuariyal, Professor Head, Department of Humanities and Social Sciences, IIT, Roorkee, addressing the gathering on the eve of an International Conference on "Sustainable and Inclusive Global economy: The Path to the next Normal".

Keynote Session 2

Ms. Rehana Parvin, addressing the gathering on "Sustainable and Inclusive Global economy: The Path to the next

The keynote speaker Ms. Rehana Parvin, school Assistant Professor. Dhaka of Economics, detailed on the entrepreneurship, an engine for job creation in developing economies. She stated that industrial sector would create abundant employment opportunities among developing economies. There was an interface session, wherein the keynote speaker answered all the queries of the participants.

Plenary Session

Plenary session started at 2 pm and the host was Ms. Aarya Rajjive of II MA Economics. Dr. KS Prakash was the Moderator. About sixteen papers were presented in the plenary session by the academicians, research scholars and students across the Nation.

The moderator suggested a few valuable inputs in his concluding remarks to the paper presenters and the session ended at 4.30 PM.

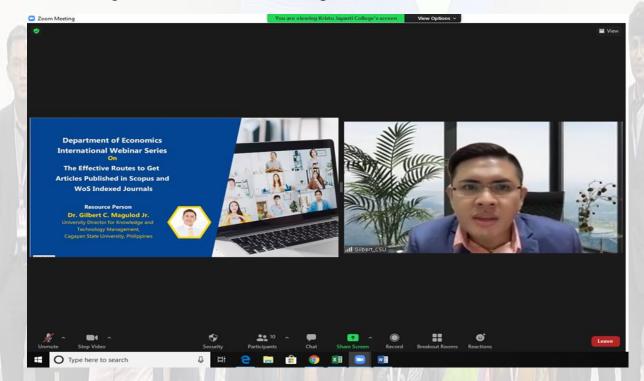

Dr. K S Prakash, Assistant Professor, Vivekananda college, Chennai addressing the gathering on "Sustainable and Inclusive Global economy: The Path to the next Normal".

International Webinar

Webinar 1

Department of Economics Organized an international webinar series on Effective routes to get articles published in Scopus & WOS indexed journals on 18th August 2021. Dr. Gilbert C. Magulod Jr., was the Resource person.

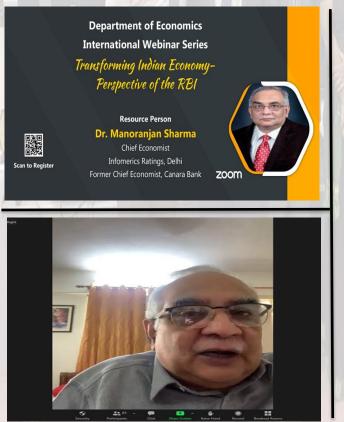

Dr. Gilbert C. Magulod Jr., University Director for Knowledge and Technology Management Cagayan State University, Philippines addressing the gathering about Effective routes to get articles published in Scopus & WOS indexed journal.

The resource person started with why the research articles are being rejected? He pointed out the most common reasons for desk rejection, was lack of novelty or being out of the journal's scope. Improper study designs, poor methodological descriptions, inadequate quality of writing, and weak study grounds were the most common rejection reasons mentioned by both peer reviewers and editorial re-reviewers. He suggested how to publish research articles in reputed journals. According to him, all papers must be 100% novel and have not been published in parts (text/figures/tables) in any conference proceedings or journal in any form, any media, or any language. He added that, all papers will be reviewed and go through checking for plagiarism. It is the full responsibility of authors to get all manuscripts properly checked for the English language and the publisher will not assume any such responsibility whatsoever.

Dr. Gilbert C. Magulod Jr. delivering the information articles published in Scopus & WOS indexed journal to the participants.

The session ended with an interaction session, wherein, the participants had posed various questions and accordingly the resource person clarified all of them. The session ended at 11.30 AM.

<u>Webinar 2</u>

<u>Day 6</u>

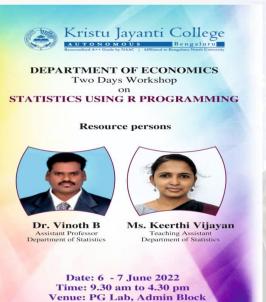

It started with the topic "Emotion regulation Strategies." The Resource Person was Prof.Vigrant Bapu. This session was very helpful for the students to regulate their emotions.

It was started with the topic "Yoga for emotional wellbeing", that was the last session taken by the resource person; it was an exciting moment for the participants to have an opportunity to learn a subject which is very much useful for the future. There was a question and answering session at the end and the resource person answered the queries of the participants satisfactorily. Finally, the 7 Days workshop on "Emotional Quotient Vs Intelligence Quotient, The Combination of Success" ended with the vote of thanks proposed by Dr. Raju V, Assistant Professor, Dept. of Economics, Kristu Jayanti College.

<u>Day 7</u>

2 Days Workshop

The Department of Economics (PG), Kristu Jayanti College, had organized a Two-Day Workshop on Statistics using R Programming on 6th and 7th of June 2022. The resource persons were Dr. Vinoth B, Ms. Keerthi Vijayan and Dr. Vennila J.

Econometrics is a quantitative application of the statistical and mathematical models using data to develop theories or testing existing hypothesis in economics by Adam Hayes. Econometrics has a tremendous scope in the present scenario to understand the policies made by the government and also helps in analysing economics theories and policies. It was a great opportunity for the students of I MA Economics, which was helpful to the students to provide gain exposure in terms of Statistical Analysis, Hypothesis Testing, Regression Correlation and using R programming language.

<u>Day 1</u>

INAUGURATION:

The Programme was inaugurated by Dr. K Vinodha Devi Head of the Department, Kristu Jayanti College, in her address, she spoke about the importance of statistics and econometrics in day-to-day life and shared her experience about the subject.

Dr. K Vinodha Devi addresses the participants in the inaugural speech of workshop.

SESSION:

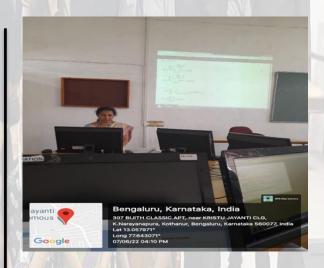

Ms. Keerthi Vijayan, addressing the participants on Statistics using R Programming.

It started with the topic "Statistics using R Programming' and the resource persons were Dr. Vinodha and Ms. Keerthi Vijayan. They opined that; Statistical Programming is important for computation techniques that would help in data analysis. R offers a wide variety of statistics-related libraries and provides a favourable environment for statistical computing and design. In addition, the R programming language gets used by many quantitative analysts as a programming tool since it is useful for data importing and cleaning.

It started with the topic application and uses and techniques of R Programming in statistics. The resource person was Dr. Vennila J. She opined that; Statistical Programming is important for computation techniques that help in data analysis. R offers a wide variety of statistics-related libraries and provides a favourable environment for statistical computing and design. In addition, the R programming language is used by many quantitative analysts as a programming tool since it is useful for data importing and cleaning.

Dr. Vennila J, addressing the participants on Statistics using R Programming

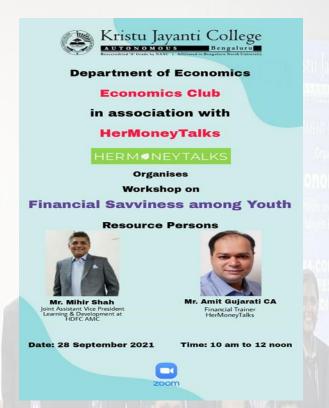

Valedictory:

The Valedictory was conducted with the Vote of thanks proposed by Dr. Raju V, Assistant Professor, Department of Economics, by thanking the Management, Resource persons, Head of the Department, Faculty members, Participants, and supportive staff for the successful completion of the workshop.

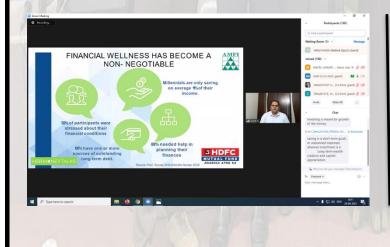

Outcome:

After the successful completion of this workshop, the participants are able to install, code and describe key terminologies, concepts and techniques employed in Statistical Analysis.

One Day Workshop

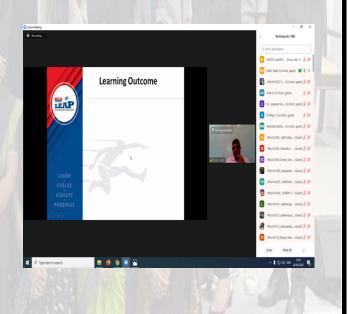

The programme started with an opening remark delivered by Mrs Manisha Mohanty. The first session was carried out by Mr Amit Gujarati and he introduce youth to financial well-being. He mentioned about how to invest, how to plan for investment and also shared the tips for first time investors. Sir, also mentioned about the importance of asset allocation as it establishes the framework of an investor's portfolio and sets forth a plan of specifically identifying where to invest one's money. This session included the basic information for all the beginner investors.

The Department of Economics, organized a workshop on Financial Savviness among Youth with the objective to create effective money planning amongst the students of Kristu Jayanti College, on 28th September 2021 at 10.00 A.M.

The resource persons for the workshop were Mr. Amit Gujarati CA, Financial trainer and Mr. Mihir Shah, Assistant Vice President, Learning and Development at HDFC AMC.

The second session for the day was carried out by Mr Mihir Shah. He talked about interview skills and how to set yourself up for being successful in an interview. Tips were shared on how to introduce yourself in an interview and seven most difficult interview questions were discussed and how to handle them was also elaborated.

Other Departmental Activities

Crisis Analysis

Kristu Javanti College MUTONOMOUS Bengaluru Department of Economics CRISIS ANALYSIS Decoding Sri Lanka's Economic Crisis SRI LANKA

Venue: Conclave Hall, Admin Block Date: 28/03/2022

ECONOMIC CRISIS

Time: 9.30 am to 11.30 am

The Department of Economics organized a crisis analysis on the topic Decoding Sri Lanka's Economic crisis on 28th of March 2022. The students of I MA Economics actively participated in the event. They pointed the period of economic slowdown out characterized by declining productivity and devaluing of financial institutions often due to reckless and unsustainable money lending. They opined that; the crisis has been mainly caused by a shortage of foreign exchange reserves. Sri Lankans have dropped 70% in two years to just \$2 billion at the end of February, which can barely cover two months of imports. Meanwhile, the country also has foreign debt obligations of about \$7 billion this year. There was an interaction session, wherein the moderator Dr. K Vinodha Devi, Head, Department of Economics had answered the queries of the students.

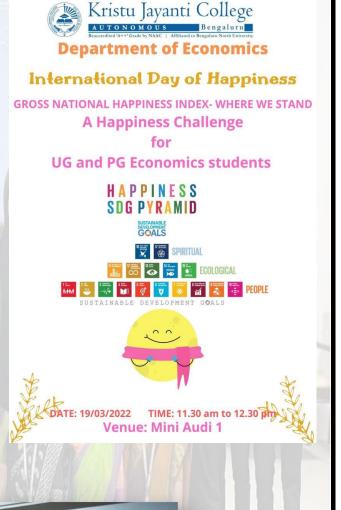

Students of I MA Economics actively participated and interacted on Decoding Sri Lanka's Economic Crisis.

International Day of Happiness

The Department of Economics organized the International Day of Happiness, a happiness challenge for the Undergraduate and Post Graduate students of Economics on 19th March 2022 from 11.30 am till 12.30 pm. The International Day of Happiness is an UNsponsored annual event that encourages happiness as a universal human right. It also highlights how important happiness is to humanity.

The tenacity of the International Day of Happiness is to increase an awareness on the worth of happiness in one's life and the overall influence it can have on a person's well-being.

The Students of the Department of Economics have conducted various fun games namely, passing the parcel of happiness and making happiness pyramid, conducted quizzes and suggested to practice daily gratitude, surround as selves with positive people, practice regular acts of kindness, spend more time with family and friends and invest in experiences, not objects.

Dr. K Vinodha Devi addressing the students on International Day of Happiness.

<u>Debate</u>

The Department of Economics had organized a 'Debate on Economic Policies' on 8th April 2022 among I MA Economics students. There were two teams formed namely, team-A and team B. The session began with a silent prayer and welcome speech by Dr. Sivasubramanian K. The debate consisted of recent economic policies brought for the welfare of the country by both the teams.

Students of I MA Economics actively participated in a Debate, on 'Economic Policies'.

Each student took their roles from both the policy makers and opposition member of the parliament. Each team had asked questions based on policies, schemes, and on the 2022 budget. A mock agricultural bill was passed in favour of agricultural development with an appropriate discussion. The session ended with a conclusion in favour of employment, agriculture, rural development, education, and budget. There were many policy suggestions given by the students for the development of the nation.
