Expression

The Department of Commerce is always abuzz with a plethora of activities and has become a dynamic venue where brilliant minds representing different states converge and share their vast reserves of knowledge and skills. It gives me immense pride to state that as a result of the collective effort of the faculty, students, and staff over the past few years Department of Commerce today ranks among the top three commerce colleges in Karnataka. I am hopeful of its acquiring greater heights in the years to come.

**Dr. Aloysius Edward J Dean,
Faculty of Commerce & Management**

It is often said, Give me a copy of your college magazine, and I will tell you about the quality of your college. I strongly believe in this statement. For, a magazine carries the contributions reflecting the ethos and aspirations of the students, faculty, and other team members of an institution. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of Education. Are our colleges well equipped to prepare our students to face the challenges that the future holds? Questions such as these are factors that motivate us to go through a continuous process of reflection and hence we at the Department of Commerce work at implementing a well-balanced curriculum to ensure that the students who walk into the portals of our college will not just love their college life but truly be prepared to face life's challenges. I congratulate the team for capturing the activities of the department in this e-magazine with a scintillating theme.

SPSS - Workshop on Research Methodology

The SPSS workshop at our esteemed college was meticulously designed to provide participants with a comprehensive understanding of statistical analysis. Spanning multiple sessions, the workshop focused on both theoretical knowledge and practical proficiency in utilizing SPSS. The inaugural session, "Introduction to Descriptive Statistics," laid the foundation by exploring statistical measures such as central tendency and variability, with practical demonstrations in the SPSS environment. "Exploring Correlation and Regression" built upon this foundation, delving into correlation and regression analysis, emphasizing hands-on experience with SPSS to deepen understanding. The workshop seamlessly progressed into "Chi-Square and Factor Analysis," introducing categorical data analysis and practical applications using SPSS. "ANOVA and T-Test Applications" further enhanced participants' skills in comparing means and discerning differences between groups through interactive exercises. Practical, hands-on sessions were integral, bridging the gap between theory and application, ensuring participants developed proficiency in SPSS. As the workshop concluded, participants synthesized their knowledge, empowering them with applicable skills in academic, research, and professional contexts. The integration of theoretical insights with practical applications positioned participants as adept practitioners of statistical analysis, ready to tackle real-world analytical challenges. In conclusion, the transformative SPSS workshop elevated participants' proficiency, enriching their academic pursuits and equipping them to navigate the dynamic field of data analytics with confidence and competence.

Rural Exposure

The Department of Commerce PG integrated a Rural Exposure Program into the MCom and MCom FA curriculum, awarding 2 credits to participating students. Themed "GRAMA SAMVEDITA," the program, held over two days in Nagayanna Koppli, Uthenahalli, and Janenahalli village, Shraavanabelagola, Hassan District on March 25th and 26th, 2024, saw enthusiastic participation from faculty members like Dr. Pushpa A, Dr. Cherian Thomas, and Dr. Vidhya S. Divided into teams, students engaged in activities spanning Cooking & Cleaning, Survey & Awareness, Activities, and Tech.

The program's objectives included evaluating the impact of government schemes on rural communities, focusing on Women Empowerment (GRUHA LAKSHMI scheme), Unemployment (MGNREGA), Education (Samagra Shiksha Abhiyan), and Farmers' Welfare. Surveys conducted in Uthenahalli and Janenahalli provided insights into scheme awareness and effectiveness. Additionally, students undertook trekking for cleanliness campaigns and organized competitions for school children at a local government school.

In terms of practical skills, students showcased competence in cooking and cleaning, highlighting the importance of mastering these essential life skills. Furthermore, the program emphasized the often-overlooked contribution of accommodation staff to guest comfort and well-being, fostering gratitude and mutual appreciation. Approximately 38 members assisted in cooking, including washing and cutting vegetables, while 8 to 10 members aided in utensil washing over the two days. The program's learning outcomes were aimed at enhancing students' personal and professional skills, including planning, organizing, executing, recording, and report writing, thereby contributing to their overall self-development.

Industrial Visit
