## About the Conference

Technology has played a vital role in the interactions in family and among the student community. Both the family and student community have been subjected to considerable transformations in the past few years. Such changes involve all members of the family- parents, children, and relatives-with their multiple roles, to adapt to the dynamic environment. The changes in the mode of learning have led to numerous challenges and opportunities for the student community. Keeping this in mind, we have taken the theme **'Technological Revolution- Opportunities and Challenges for Family and Student Community'** to bring in a synergy of thoughts and ideas, and encourage creative conversations to kindle realistic and practical solutions through keynote sessions and panel discussions by experts in the respective fields from across the globe. It is our privilege to invite you to contribute and participate in this cognitive discourse and to be a trailblazer to remould and transform the society on 24th and 25th February 2022.
