About EIC

The Entrepreneurship Development Cell was established on August 2, 2013 with the aim of encouraging students to acquire the knowledge and skills to become a successful entrepreneur. Keeping the reality of growing competition in mind, in the modern era the business is inseparable from innovation. Industrial visits will bring a lot of clarity to students as they will be dealing with how conceptual knowledge is used and they will be able to identify and explore their potential as an entrepreneur.

8.E-Store:

Entrepreneurship is a key driver of our economy. Wealth and a high majority of jobs are created by small businesses started by entrepreneurially minded individuals, many of whom go on to create big businesses. People exposed to entrepreneurship frequently express that they have more opportunity to exercise creative freedoms, higher self-esteem, and an overall greater sense of control over their own lives. As a result, many experienced business people political leaders, economists, and educators believe that fostering a robust entrepreneurial culture will maximize individual and collective economic and social success on a local, national, and global scale.

Keeping this in mind, the Entrepreneurship and Innovation Centre of Kristu Jayanti College (Autonomous) has taken the initiative to come with E-Store. The Cell provides opportunity to the students every week to exhibit their entrepreneurial skills by coming up with a creative stall and sell products the whole day in the college campus.
