## Department of Computer Science (PG)

**Academic Year: 2020- 2021**

### Report on Industry Expert Training (IET)

#### **Title: Introduction to Graphic Designing Tools**

Date: 18/09/2020

Time 12.00pm - 3.15 pm

Number of beneficiaries: 42 students of I MCA, MSc (CS) students

#### **Name and details of the Resource Person**

**Mr.Kurian George Cheripurathu**

(Alumni of KJC)

Managing Partner

Grid Technologies

Doha, Qatar

#### **Objective:**

- To provide an introduction to the basic graphic design tools

#### **Brief Write up on the Programme:**

The Department of Computer Science (PG) ensures a first-hand experience by continuously conducting sessions involving industry experts. The second session of the programme on IET was held on 18<sup>th</sup> September 2020,

The session started with an opening note by Dr. R Kumar, Head, Department of Computer Science (PG)

During the session Mr.Kurian George Cheripurathu presented an introduction to need of awareness of learning graphic tools by technical students. He demonstrated various posters, banners and websites which are visually appealing.

In his session, the students were taught on - Getting Acquainted with Photoshop, The Photoshop Environment, Basic Image Manipulation, Bitmap Images, Color Basics. Color Modes and Models, Painting Tools, Painting Tools, Brush Settings, Using the Brushes Palette, Making Selections, Selection Basics, Filling and Stroking, Layers.

He also explained Adobe illustrator as a tool for graphical designing. In this he demonstrated Raster and vector images, Illustrator's environment, Illustrator's tools and palettes & Views in Illustrator

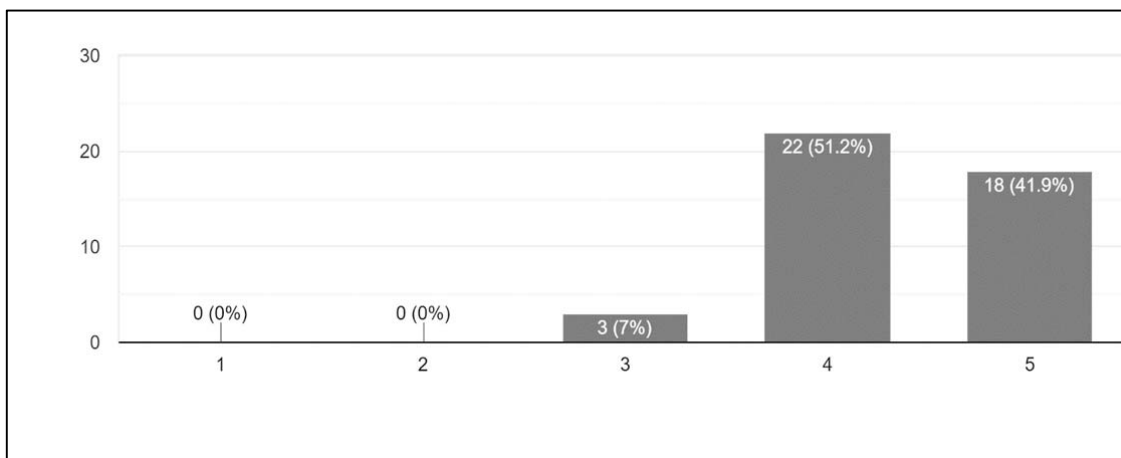

While concluding, Mr. Kurian shared, useful video links and pdf with the participants for further learning. Overall the session was a knowledge enriching experience for the participants.

### Learning outcome:

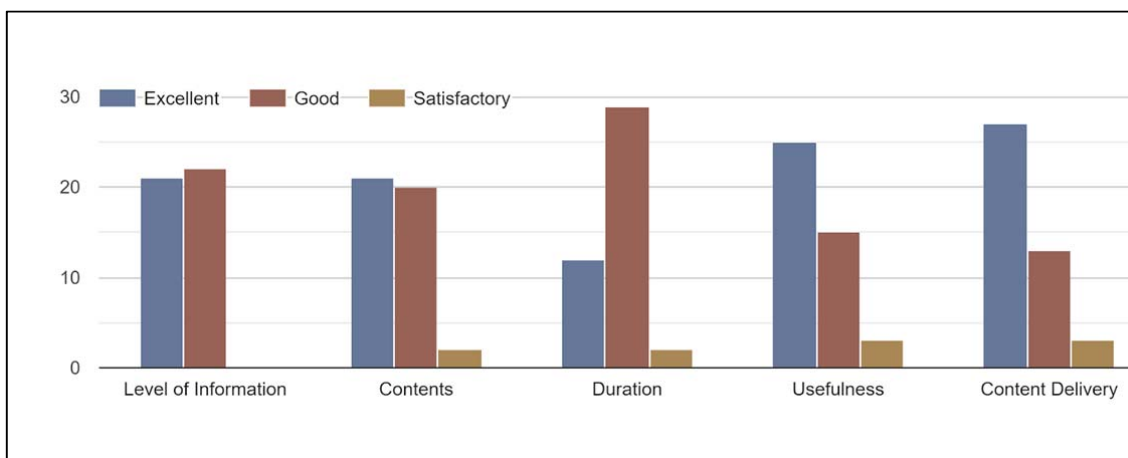

The participants gained an overall awareness on how to install. Initiate work on Power BI, visualisation, analytics, generating reports and perform all basic tasks.

## **GUEST LECTURE**

**Title:** Blockchain Technology

**Date:** 26-09-2020

**Classes Attended & Number of beneficiaries:** III Sem BSc[CSMS, CSME, PMCS, PME and MSE] and III Sem BCA[A, B, C, D and E sections] and 240 beneficiaries.

**Name and details of the Resource Person:** Ms. R. Sangeetha, Assistant CIT coordinator and Assistant Professor in Computer Science, Lady Doak College, Madurai.

**Objective:** Blockchain technology enables distributed public ledgers that hold immutable data in a secure and encrypted way and ensure that transactions can never be altered.

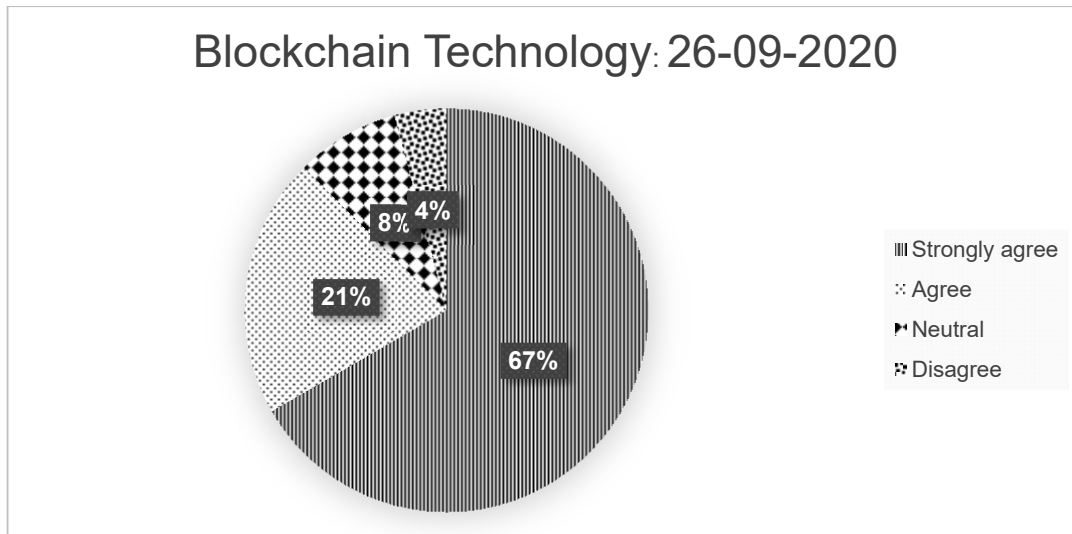

While Bitcoin and other cryptocurrencies are the most popular examples of Blockchain usage, this “distributed ledger technology” (DLT) is finding a broad range of uses. Data storage, financial transactions, real estate, asset management and many more uses are being explored.

Ms. R. Sangeetha explained the brief introduction of Blockchain technology and she mentioned that, this technology provides potential to upend the way every industry manages its information and data and financial services. Blockchain technology offers new tools for authentication and authorization in the digital world that preclude the need for many centralized administrators. As a result, it enables the creation of new digital relationships. Despite the huge interest in adopting Blockchain technology from the established financial industry, the subtext behind much of what is said about it is “it would probably be better if it just quietly disappeared.” Finally she concluded her talk with problems with the Blockchain

## DEPARTMENT OF MANAGEMENT (BBA)

### REPORT ON ONLINE EXPERT LECTURE

#### ON

### APPLICATION OF ARTIFICIAL INTELLIGENCE IN BUSINESS

**Title:** APPLICATION OF ARTIFICIAL INTELLIGENCE IN BUSINESS

**Date:** 26/09/2020

**Number of beneficiaries:** 52 (V BBA 'BA' Section)

**In-house:** Expert Lecture  
Nil

**External:**

#### Resource Persons with details:

- **Mr.Akshat Agarwal**, Chief Executive Officer, Virtuality India, Certified by NASSCOM, Bengaluru.

#### Objective:

- To create an impact among the Business Analytics students on the topic of Artificial Intelligence in Business.

#### Brief write up:

Artificial Intelligence (AI) refers to the simulation of human intelligence in machine that are programmed to think like humans and mimic their actions. The term may also be applied to any machine that exhibits traits associated with a human mind such as learning and problem-solving. The ideal characteristics of artificial intelligence is its ability to rationalize and take actions that have the best chance of achieving a specific goal.

When most people hear the term artificial intelligence, the first thing they usually think of is robots. That's because big-budget films and novels weave stories about human-like machines that wreak havoc on earth. But nothing could be further from the truth. Artificial Intelligence is based on the principle that human intelligence can be defined in a way that a machine can easily mimic it and execute tasks, from the most simple to those that are even more complex. The goals of artificial intelligence include learning, reasoning, and perception.

Department of Management (BBA) organized an Expert lecture on "Application of Artificial Intelligence" for third year BBA Business Analytics students to create apprehension regarding the

implementation of Artificial Intelligence in the field of business. Expert lectures were inaugurated by Prof.C.Surendaranath Reddy, Head, Department of Management. Kristu Jayanti College and delivered the welcome address and given an overview of Artificial Intelligence and its implementation in business. Miss.Sanaa has introduced the resource, Mr.Akshant Agarwal, Chief Executive Officer, Virtuality India, Certified by NASSCOM. The session was started with the connotation of Artificial Intelligence. He elucidated Human intelligence at the variance with Artificial Intelligence example: Human and Machine. Further, he defined the categories of Artificial Intelligence i.e. Weak A.I. and Strong A.I. . He mentioned the ‘Alan Turing’ who created the Turing test which was used to determine the level of intelligence of a computer.

Lastly, he briefed about Machine learning and different sectors in which Artificial Intelligence is used.

**Learning Outcome:**

Students acquired awareness of various application areas of Artificial Intelligence, its advantages, and disadvantages. The active interest and enthusiasm of the students could be gauged by the level of interaction generated by the session.

## DEPARTMENT OF COMPUTER SCIENCE

### REPORT ON Tech conclave

**TITLE: Tech Conclave by ACM-W**

**Date:** 29-09-2020

**Time:** 2.30 PM-3.30 PM

Classes Attended & Number of beneficiaries: III B.Sc.[CSMS/CSME/PMCS] and ACM Members /114 Students

Name and details of the Resource Person: Dr. Syed Mustafa

Professor and Head, Dept of information Science and Engineering, HKBK College of Engineering

**Objective:** To help students build the technical skills in python programming.

#### **Brief Write up on the Programme:**

- The impact of recent technology in Python in the living environment was discussed in this session.
- The Speaker of the Session Dr. Syed Mustafa started the session with “Introduction to Python”. Speaker discussed the basic concepts used in the technology relating with best suitable real life examples which are essential for the understanding of technology.
- Professor also discussed about analyzing structured and unstructured data using different tools and techniques, developing an understanding of different types of loops, basic arithmetic operations, arrays, list methods and functions, strings, and many more.
- Resource person projected on comprehending the theoretical concepts and relating to the practical
- The speaker also projected a clear understanding of the importance of functions, dictionaries and future problems in the real world.
- Professor inspired the audience by lively interacting on topics such as new trends in

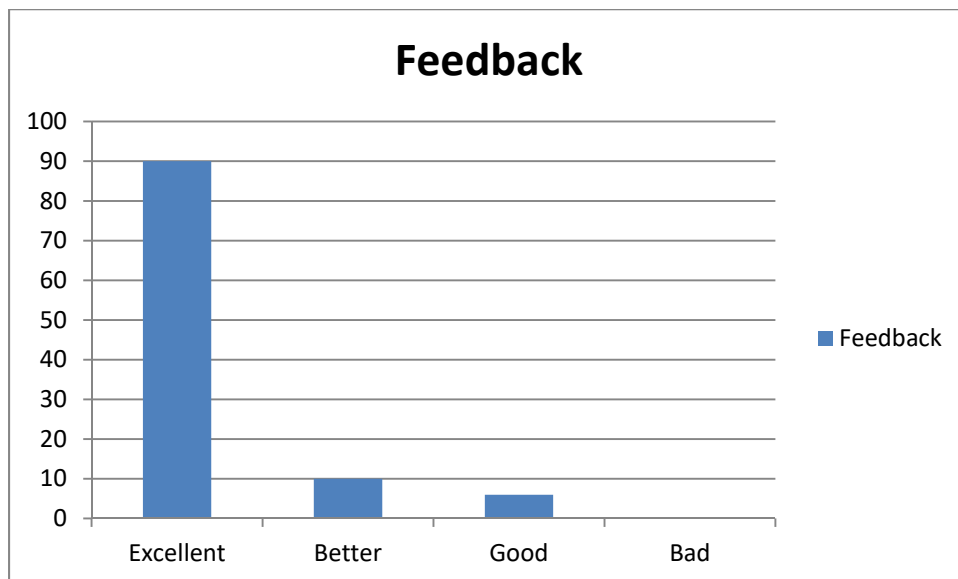

applying Python-code, approaches for tuples and list arguments, inbuilt functions, and Features of Python.

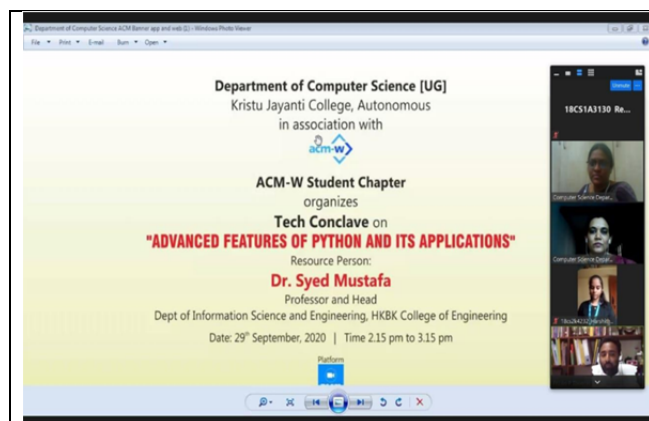

- Also the Q/A round were conducted about the session where all the participants could ask their queries and doubts to the speaker, to improve the sessions and have an enhanced knowledge.

### REPORT ON SKILL ENRICHMENT PROGRAMME

**Title: Alumni Expert Series – Cell lines in modern cancer research**

Date: 03-10-2020 (Through Zoom Platform)

Classes Attended & Number of beneficiaries: V sem B.Sc. MBG & BBG, III sem M.Sc. MB & BT, 245 attendees.

Name and details of the Resource Person: DR. Alphy Rose James,  
Project Manager, Department of infectious diseases,  
Kasturba Medical College, Manipal

**Objective:** To give and overview into one of the most exciting areas of biotechnology and biopharmaceutical research

#### **Brief Write up on the Programme:**

As a part of Skill enrichment programme, Department of Life Sciences conducted a guest webinar session through Zoom platform on 3<sup>rd</sup> October, 2020. The resource person for the session was DR. Alphy Rose James, Project Manager, Department of infectious disease Kasturba Medical College, Manipal on the topic- “Cell Lines In Modern Cancer Research”. The session was conducted for the benefit of final year undergraduate and postgraduate students of the department and was also attended by Dean of Science, Head and all the faculty members of the Life Science Department.

The session was moderated by Dr. Sriram Thiruvengadam, Assistant Professor, Department of Life Sciences who welcomed the resource person, the dignitaries and the audience. Cancer is one of the most intriguing and unanswered biochemical process that is affecting mankind from time immemorial. Researchers all over the world have been working on this area of cancer biology all over the world to understand the process and progression of this deadly disease. Cell lines are very commonly used to study the underlying biological pathways. After a formal introduction of the resource person, DR. Alphy James spoke about the various cell lines that can be used and manipulated for studying the biological processes of cancer. The speaker also inspired and encouraged the audience to take up research as their career option. The session was loaded with numerous queries, doubts from the audience and Dr. Alphy James gladly answered and put all the uncertainties revolving in student's mind to rest. The program

## DEPARTMENT OF COMPUTER SCIENCE [UG] ACADEMIC YEAR 2020-2021

### REPORT ON EXPERT LECTURE

**Title:** 5G Technology

**Date:** 17-10-2020

**Classes Attended & Number of beneficiaries:** V Sem BSc[CSMS, CSME, PMCS and PME] and V Sem BCA[A, B, C and D sections] and 360 beneficiaries.

**Name and details of the Resource Person:** Dr A. Amali Asha Assistant professor in Computer Science, Loyola College, Chennai.

**Objective:** To demonstrate an end-to-end 5G system providing immersive video services for moving objects

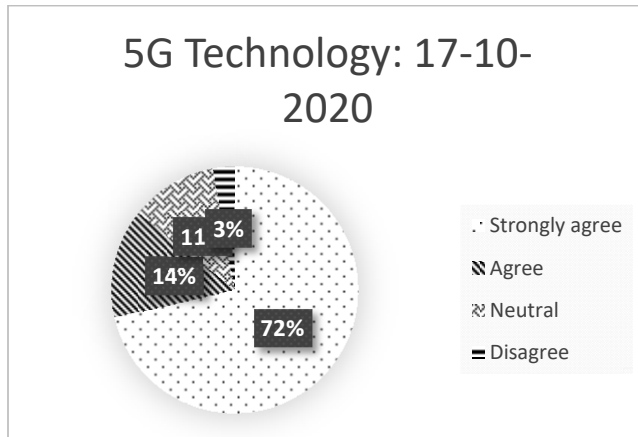

If we look back, we will find that every next decade, one generation is advancing in the field of mobile technology. Starting from the First Generation (1G) in 1980s, Second Generation (2G) in 1990s, Third Generation (3G) in 2000s, Fourth Generation (4G) in 2010s, and now Fifth Generation (5G), we are advancing towards more and more sophisticated and smarter technology. The 5G technology is expected to provide a new (much wider than the previous one) frequency bands along with the wider spectral bandwidth per frequency channel. As of now, the predecessors (generations) mobile technologies have evidenced substantial increase in peak bitrate.

Dr A. Amali Asha stated that, while 5G is built on the successes of 4G networks, it provides an opportunity for Telco's to move beyond providing connectivity services, to developing rich solutions and services for consumers, industries and infrastructure. And also speaker mentioned that Technology is critical to India's digital ambition. The constantly evolving need for higher speed, along with plans for smart cities, industrial automation, connected devices, etc., make 5G inevitable.

## **DEPARTMENT OF COMMERCE (PG)** **ONLINE EXPERT LECTURE ON** **“LOGISTICS & SUPPLY CHAIN MANAGEMENT STRATEGY FOR E-COMMERCE”**

**Date:** 20th October, 2020

**Intra**

**Venue:** Zoom Platform

**Number of beneficiaries:** 160 students

**Classes Attended:** I Year & II Year M.Com & M.Com FA

**Name and details of the Resource Person:**

Dr.R.Rajasekaran, Associate Professor, Department of Commerce, PSG College of Arts & Science (NIRF Ranked: 25), Coimbatore, Tamilnadu.

### **Objective:**

The aim of this expert lecture was to provide the student fraternity a learning experience on the various aspects and facets of Logistics and Supply Chain Management for e-commerce.

### **Brief Report about the Programme:**

The Department of Commerce PG organized an Online Expert Lecture on “Logistics & Supply Chain Management Strategy for E-Commerce” via Zoom Platform on 20th October, 2020 from 3:30 to 5:00 pm for the benefit of the first and second year students of M.Com & M.Com FA. The resource person for the Programme was Dr.R.Rajasekaran, Associate Professor, Department of Commerce, PSG College of Arts & Science (NIRF Ranked:25), Coimbatore, Tamilnadu.

The aim of this expert lecture was to provide the student fraternity a learning experience on the various aspects and facets of Logistics and Supply Chain Management for e-commerce. This session shed light on the major challenges, issues and opportunities associated with Logistics and Supply Chain Management of e-commerce business in the wake of the covid-19 pandemic.

The resource person Dr.R.Rajasekaran delivered a fruitful and enriching talk on the various dimensions of Logistics and Supply Chain Management strategy with a focal view on e-commerce during Covid-19. The expert speaker clearly explicated that the Logistics and SCM strategy is a critical factor in the long-term success of a business. Effective Logistics and SCM is

a characteristic shared by many prosperous companies. Knowledge on the concept of logistics and SCM can provide the students a competitive edge for pursuing their professional careers in the corporate world. Some of the views and insights the expert speaker highlighted are summarized below:

- The carefully researched and developed strategy of the supply chain.
- The source of the materials used to make the goods to sell.
- The efficient production of the manufacturing process in getting the goods ready for the market.
- The delivery mechanisms and logistics that move the products to the consumers and distributors.
- The system for managing the return of defective or unwanted products.
- Other significant aspects like inventory management, storage, warehousing, material handling, picking, packaging, shipping, dispatching and Information & control.

**Feedback:**

This online expert lecture witnessed a positive response of 160 students from I Year & II Year M.Com & M.Com FA programmes. This expert lecture provided the students an enriching platform for acquiring knowledge and getting acquainted on various aspects of Logistics and Supply Chain Management strategy for e-commerce. The participants felt that this online expert lecture has supplemented them with an enriching learning experience where students could grasp fundamental concepts and be able to apply the same in real-life scenarios. Thus an hour of informative and inspirational talk on the scenarios of Logistics & SCM strategy in the light of E-Commerce was very much the need of the hour.

## DEPARTMENT OF COMPUTER SCIENCE (UG) REPORT ON GUEST LECTURE

**Intra/Inter: INTRA**

**Title: Recent Trends in RPA**

Date: 22/10/2020

Number of beneficiaries: 1000 (I BCA ALL SECTIONS, III BCA ALL SECTIONS, V BCA ALL SECTIONS, I B.Sc CSMS, CMSE, PMCS, PME, MSE, III B.Sc CSMS, CMSE, PMCS, PME, MSE, V B.Sc CSMS, CMSE, PMCS, PME) In-house: 1000

### List of Resource Persons with details:

1. Dr. Anal Acharya, Professor, Former Head Department of Computer Science, St.Xavier College, Kolkata, West bengal, India.

### Objective:

To introduce the concept about Robotic Process Automation, its current trends and future scenario and job opportunities.

### Session :

Dr.Anal Acharya started the guest lecture by sharing important facts about Robotic Process Automation to the students. The resource person said, RPA will keep on being a hot market, acquiring a place in IT chiefs' toolboxes to streamline business operations and utilize raw information. Sir also elaborated that in the interim, more than 70% of business pioneers said that they intend to put more in the implementation and advancement of RPA, as indicated by the Institute for Robotic Process Automation and Artificial Intelligence Survey, showing the key-value RPA has for the company. The resource person motivated the students to be technologically sound since, a key benefit of robotic process automation is that it plays well with other existing technologies, and in fact, will continue to fill the role of a complementary application for already-installed processes and data science foundations. Dr. Acharya cleared the doubts in the young minds by concluding that RPA won't replace back-office applications like financial processing, procurement, and IT automation, but rather enhance them by lightening the load for the people that manage those critical ops. The resource person emphasized that even before programming, RPA developers need to understand the process they are programming.

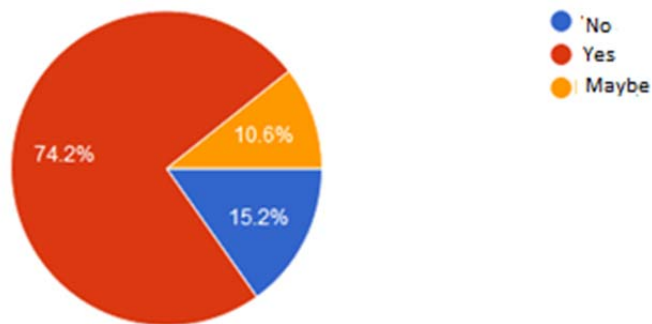

### Outcome

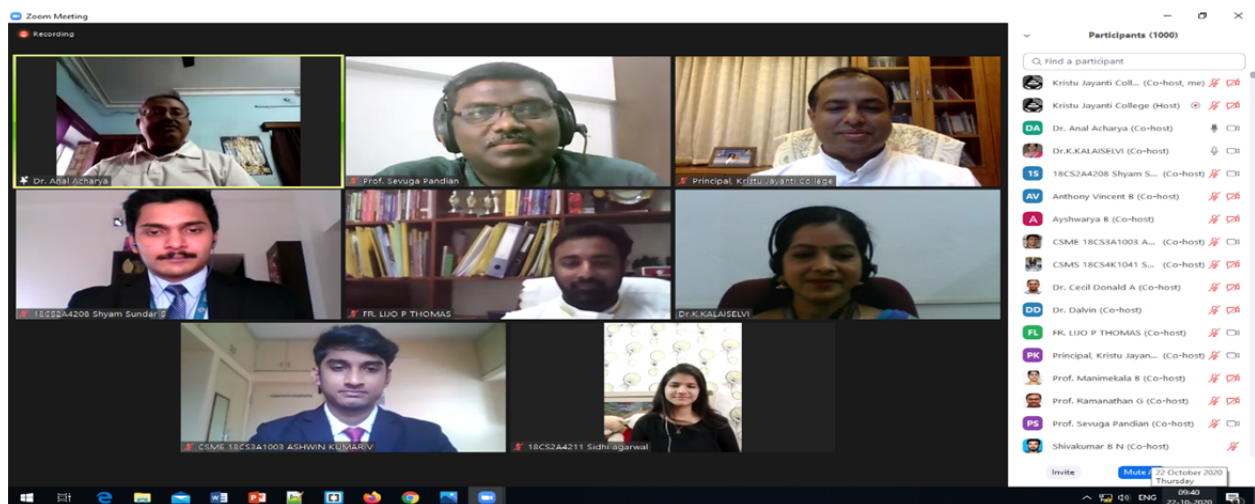

By attending this lecture, the students can understand that Robotic process automation (RPA) is emerging as a key technology for streamlining business processes in the enterprise. They can visualize that as organizations increasingly adopt RPA, which relies on software robots to automate tedious tasks, expertise with RPA tools and implementations will become more important for business analysts, business intelligence developers, data or solutions architects, and system integrators or administrators. Certifications and training programs are emerging to help get IT students and workers up to speed on the latest RPA tools and practices, so they can take on enterprise automation

Resource Person with his details:

**Dr. Mohammed Misbahuddin, Joint Director, ACTS & BD, CDAC(Centre for Development of Advanced Computing), Bengaluru, India.**

**Objective:**

- To empower knowledge on Cyber Security Perspective on Artificial Intelligence and Machine Learning.

**Brief write up on the Programme:**

The webinar of Tech Talk Series in association with IEEE, was hosted on “Use Case of AI/ML: A Cyber Security Perspective”.

The session was organized by Dr. Velmurugan R, Associate Professor of the Department as a part of the weekly club activity session - IEEE Tech-Talk.

**Dr Mohammed Misbahuddin**, Joint Director, ACTS & BD, CDAC (Centre for Development of Advanced Computing), Bengaluru, India was the resource person for the day. The session mainly emphasized on cybersecurity and its areas. Firstly, Dr. Misbah spoke about the best and worst part of the internet. He added that in today's world we depend on the internet directly or indirectly. Then he stressed about cyber society crimes and why cybercrimes happen. He also gave examples of cybercrimes such as credit card frauds, email bombing, cyberstalking, forgery, defamation, cyber terrorism, etc.

After that, he mentioned about the usage of Internet in India by 2020 and there were 75% growth of usage from rural areas, 175 million online shoppers, 70% e-commerce transactions will be via mobile and 50% travel transactions will be online. Then he highlighted major online risk and threats to a computer such as a virus, worms and trojan. He explained briefly about each threat with examples. He then showed the audience the graph of cybercrime rates in India and he also mentioned there was the rapid growth of cybercrimes every year. After cyber crimes explanation, he highlighted about types of attack such as phishing, malware and types of password attack such as brute-force, shoulder surfing and dictionary attack. He explained about each attack with examples. Then he spoke about risk-based authentication,

the delay between compromise and detection. He also explained briefly about IDS (Intrusion Detection System) and IPS(Intrusion Prevention System) working structure. Lastly, he explained about social engineering aspects and his main focus was on phishing attack and homographic attack.

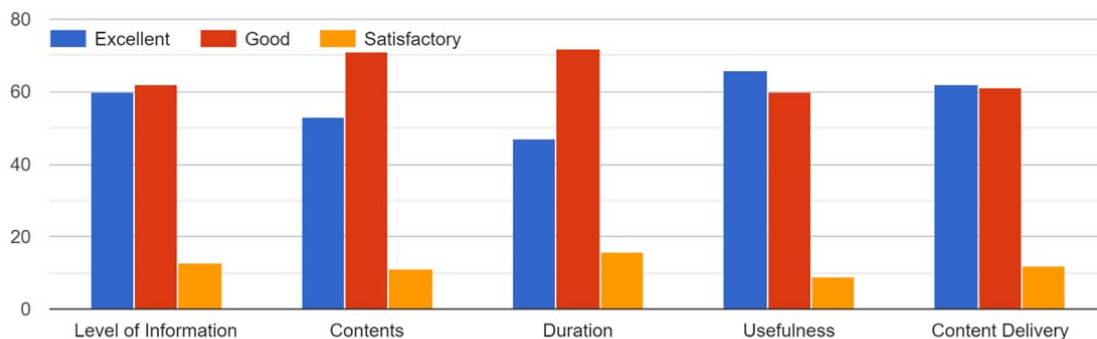

The talk was followed by Q&A where participants asked several questions. The valuable answers helped the students to gain knowledge and get deeper learning about cybersecurity and its areas.

**REPORT ON GUEST LECTURE**

**Intra/Inter: INTRA**

**Title: Opportunities in Ui path**

Date: 23/10/2020

Number of beneficiaries: 1000 (I BCA ALL SECTIONS, III BCA ALL SECTIONS, V BCA ALL SECTIONS, I B.Sc CSMS,CMSE,PMCS,PME,MSE, III B.Sc CSMS,CMSE,PMCS,PME,MSE, V B.Sc CSMS,CMSE,PMCS,PME) In-house: 1000

**List of Resource Persons with details:**

**1. Mr. Rajesh R Nambiar, Director – Learning Alliances and Certification, UiPath**

**Objective:**

To introduce the certification courses and academic importance of UI path, UI Products their relevant job opportunities.

**Session :**

Mr. Rajesh Nambiar elaborately explained that Robotic Process Automation is the technology that allows anyone today to configure computer software, or a “robot” to emulate and integrate the actions of a human interacting within digital systems to execute a business process. RPA robots utilize the user interface to capture data and manipulate applications just like humans do. Mr. Rajesh explained the audience how they interpret, trigger responses and communicate with other systems in order to perform on a vast variety of repetitive tasks. Sir continued that only substantially better: an RPA software robot never sleeps and makes zero mistakes. UI path is the learning path for the students to take up certification courses which build their future career. The resource person motivated the students to join the learning path of RPA to know more about the current trends in RPA.

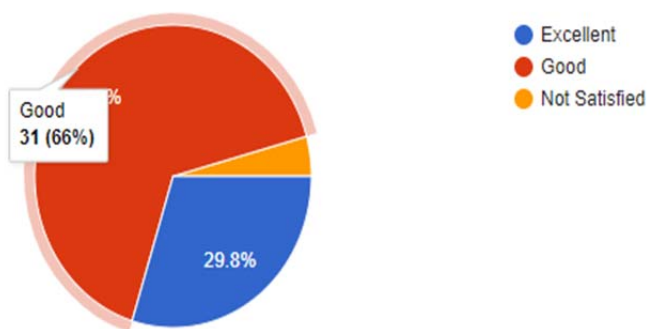

**Outcome**

The students were able to understand Robotic Process Automation Technology Insights, motivated to learn basic UI Automation concepts using UiPath in order to gain skills to build UiPath workflows.

### Report on Virtual Workshop on Getting Started with Java using Alice in Oracle Academy

Intra/Inter

**Title: Java using Alice3**

Date: 05/11/2020

Number of beneficiaries: 110

In-house: 110

External: NIL

#### List of Resource Persons with details:

1.Mr. Jayaprakash Anjarapu, Oracle Academy

#### Objective:

This workshop will enable students with little or no programming experience and teach basic Java programming concepts through developing 3-D animations in Alice.

**Session I:** Introduction to Alice3 and Hands on Training with Alice3 Tool, Mr. Jayaprakash Anjarapu

The Virtual Workshop began with a brief introduction about Oracle Academy and its members around the globe. Resource Person Mr. Jayaprakash Anjarapu, provided a detailed introduction about Alice3 software and its uses. The later part of the session elaborated on how Alice3 uses a drag and drop environment to create computer animations using 3D models. Mr. Jayaprakash created a virtual environment and showed how to assign specific properties to an object in Alice3. Finally, the resource person Mr. Jayaprakash Anjarapu concluded the Workshop with information about the career opportunities available for the software.

#### Outcome

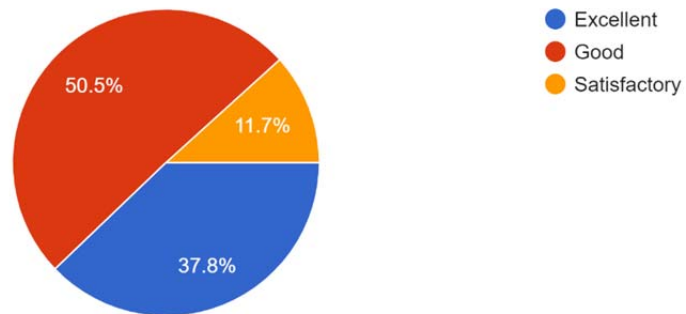

Students gain practical knowledge in accessing Alice3 software for developing 3-D animations.

### Report on the Work shop on “Beginners guide to Excel”

**Date:** 4/12/2020 and 5/12/2020

**Time:** 2:15 pm -4:15 pm and 9.30am-10.30am

**No. of Beneficiaries:** 660 students of V Sem B. Com (A,B,C,D,E,F,G,T,P1, P2, P3, P4 & ACCA)

**Name and details of the Resource Person:** Dr. Nagadeepa C., M.Com, M.B.A, PGDCA, PhD, working as an Assistant Professor in Department of Commerce, Kristu Jayanti College, Bangalore. She has more than 20 years of experience in teaching, and expertise in accounts, income tax, and marketing subjects. She has published more than 35 articles in national and international journals and also co-authored 3 books. She has participated and presented papers at national and international conferences as well. She is interested in research related to e-commerce, marketing and accounts. She is guiding many students in the field of human resource management, marketing, finance, and accounts.

**Objective:** To help the students to develop and enhance the skills in Microsoft Excel

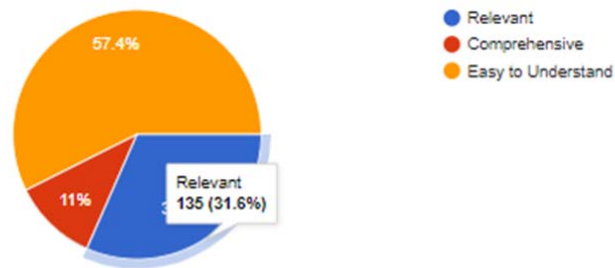

**Brief Write up on the Programme:** The Programme began by invoking God's blessings followed by welcome speech and the introduction of the Resource person by Dr. Arockia Stalin.

Dr.Nagadeepa started the session by speaking about her thoughts on building skills in Excel among the students. She demonstrated by various examples the functionality of Excel and solved lot of issues and doubts raised by. The workshop was well received by the students. And the students found the same appropriate and relevant. Dr.Nagadeepa was very friendly and gave many tips to the students on how use functionalities of micro soft Excel. She recommended that the students should practice the functionalities with some examples.. . Dr.Nagadeepa made the session very interactive. It was a great learning experience for every student. The Workshop ended vote of thanks by Dr. Prof. Reenu Mohan

**Feedback:** Feedback was taken in order to analyze the effectiveness of this Programme.

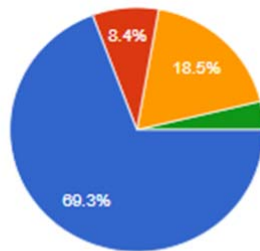

Workshop was

## **DEPARTMENT OF COMMERCE (PG)** **TWO-DAY VIRTUAL WORKSHOP ON “DATA ANALYSIS USING SPSS”**

**Date:** 10<sup>th</sup> & 11<sup>th</sup> December, 2020

**Intra**

**Venue:** Zoom Platform

**Number of beneficiaries:** 107 Students

**Classes Attended:** I Year M.Com & M.Com FA

**Name and details of the Resource Person:** Dr.Jyothi Manoj, Associate Professor, Department of Statistics, Kristu Jayanti College (Autonomous).

### **Objective:**

This workshop as a part of a skill enhancement program aims to provide the student fraternity a hands-on platform for acquiring and enriching their practical knowledge and skills on usage and application of various statistical tools and techniques with the help of SPSS Statistics 20 to test hypothetical data of real life business problems.

### **Brief Report about the Programme:**

The Department of Commerce (PG) organised a Two-Day Hands-on Virtual Workshop on "Data Analysis Using SPSS" on 10<sup>th</sup> & 11<sup>th</sup> December, 2020. The workshop was scheduled from 10 a.m. to 12 p.m. & 2.00 p.m. to 4.00 p.m. on both the days via Virtual Platform Zoom for the benefit of I Year M.Com & M.Com FA & I & II Year MA Economics students as a skill development program. The resource person for this workshop was Dr.Jyothi Manoj, Associate Professor, Department of Statistics, Kristu Jayanti College (Autonomous).

This workshop as a part of a skill enhancement program aims to provide the student fraternity a hands-on platform for acquiring and enriching their practical knowledge and skills on usage and application of various statistical tools and techniques with the help of SPSS Statistics 20 to test hypothetical data of real life business problems. The virtual workshop was inaugurated by Rev.Fr.Lijo P Thomas, Financial Administrator, Kristu Jayanti College (Autonomous) on 10<sup>th</sup> December 2020 at 9.30 a.m. After the inauguration, the hands-on session was handed over to Dr.Jyothi Manoj. The resource person covered the following areas comprehensively in this two-day online workshop.

- **Day 1:** Data processing techniques like importing, coding, classifying, editing, tabulation and charting of data with the help of SPSS Statistics 20.
- **Day 2:** The second day of the workshop started at 10.00 a.m. by the resource person. She provided the students a Hands-on learning experience on usage and application of SPSS Statistics 20 for executing both parametric and nonparametric statistical tools like One Sample t-Test, Independent Samples t-Test, Paired Sample T-Test, Z-Test, Correlation analysis, Regression analysis, Chi-square test, One-Way Anova and Factor Analysis.

**Web URL:**

<https://kristujayanti.edu.in/academics/College-Arts-Science-Commerce/faculty-commerce-management/commerce-pg/Workshop.php>

**Feedback:**

About 107 students actively participated and acquired the theoretical and hands-on knowledge on analysis of hypothetical data using SPSS Statistics 20. The Two-day virtual workshop was well designed and enunciated for enhancing knowledge and skills of the students on data processing and analysis with the help of SPSS Statistics 20 in the research areas of social science. The online workshop was virtually organized and delivered via Zoom platform. The participants of this workshop felt that it provided them hands-on knowledge, skills and experience on the usage and application of SPSS Statistics 20 and will be helpful to prepare quality research articles and projects in consequent semesters as part of their academic curriculum.

**Two-Day Hands-on Virtual Workshop on “Data Analysis Using SPSS”**

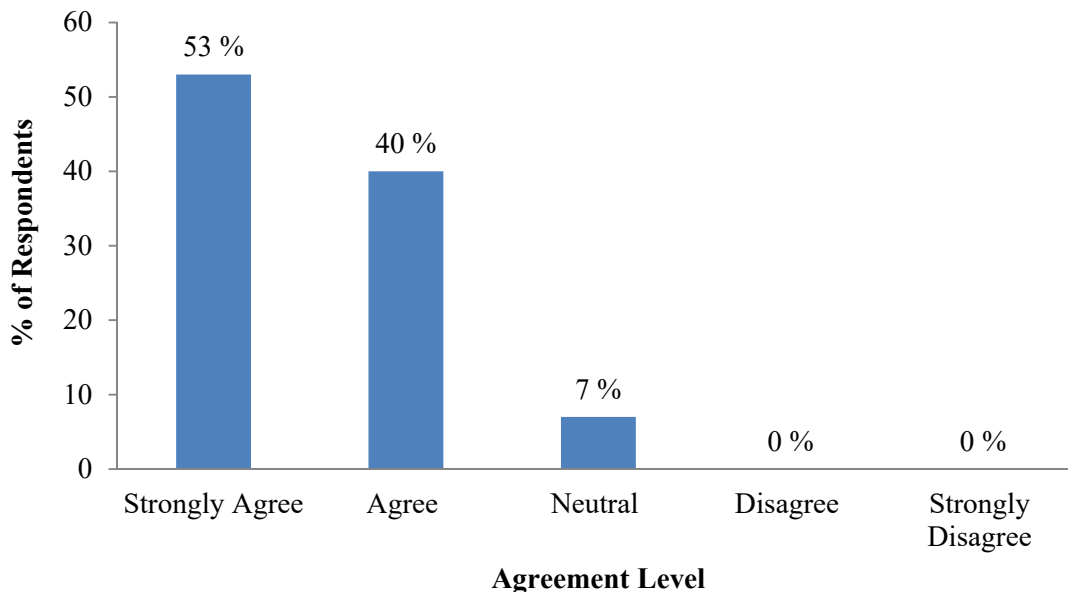

**Date: 10<sup>th</sup> to 11<sup>th</sup> December, 2020**

**FEEDBACK REPORT**

**Table 1: The content was as described in the information brochure**

Agreement Level	No. of Respondents	Percentage (%)
Strongly Agree	24	53
Agree	18	40
Neutral	3	7
Disagree	0	0
Strongly Disagree	0	0
Total	45	100

**Figure 1: The content was as described in the information brochure**

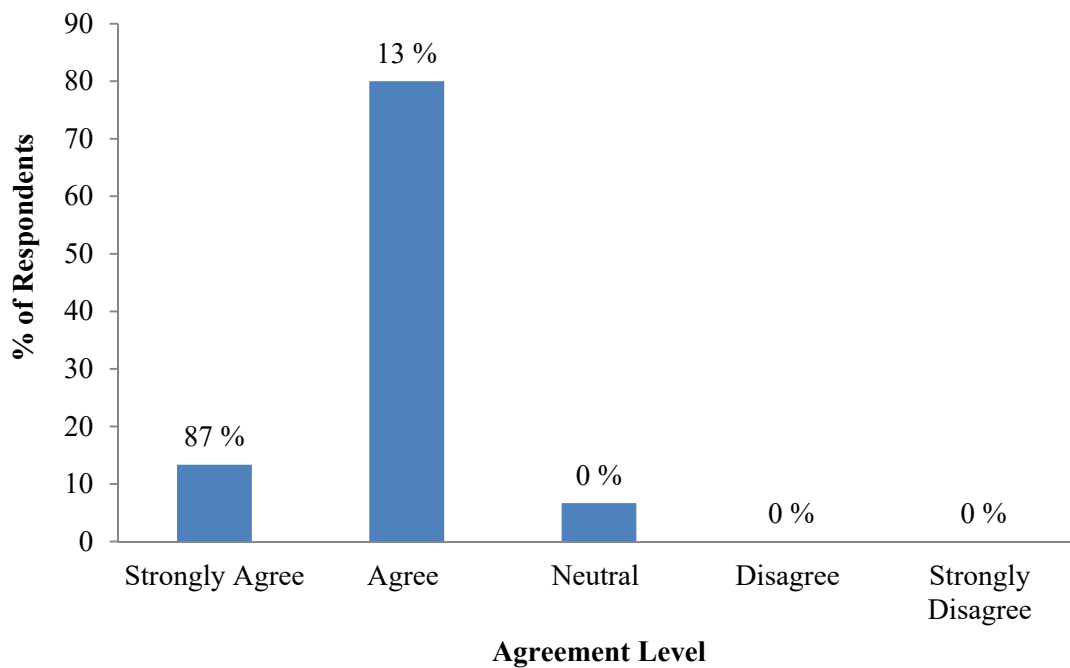

**Inference:** It is clear from the above figure that 93% of the respondents have agreed and 7% were neutral that the content was as described in the information brochure.

**Table 2:- The workshop was applicable to my course/job**

Agreement Level	No. of Respondents	Percentage (%)
Strongly Agree	39	87
Agree	6	13
Neutral	0	0
Disagree	0	0
Strongly Disagree	0	0
Total	45	100

**Figure 2: The workshop was applicable to my course/job**

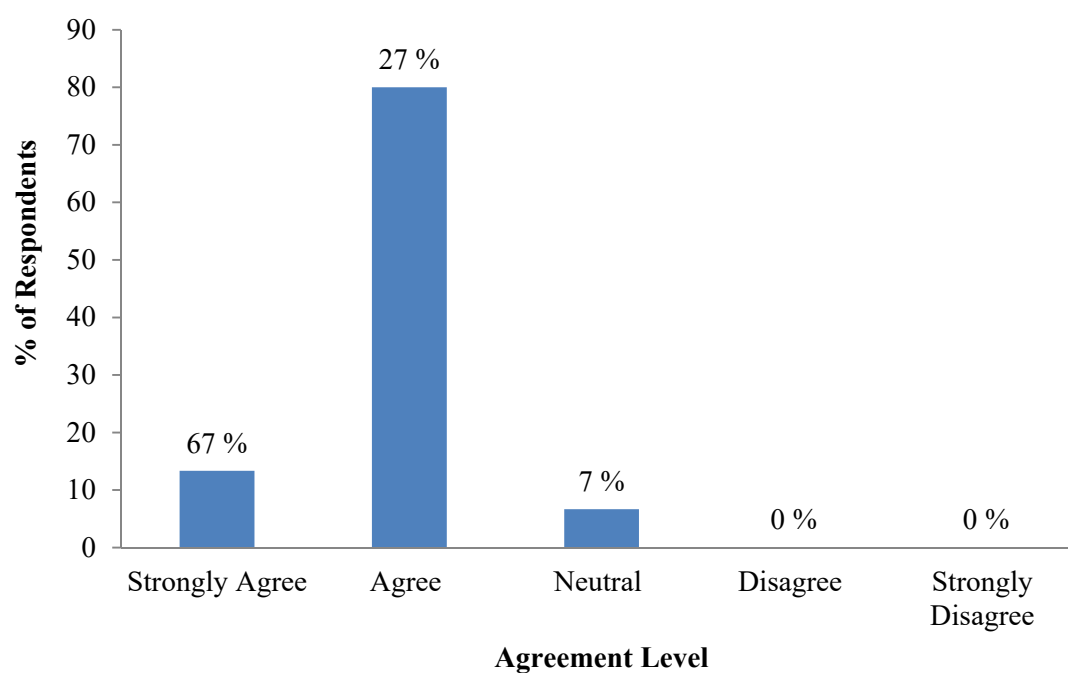

**Inference:** The above figure indicates that 100% of the respondents have agreed that the workshop was applicable to their course and job.

**Table 3: The material was presented in an organized manner**

Agreement Level	No. of Respondents	Percentage (%)
Strongly Agree	30	67
Agree	12	27
Neutral	3	7
Disagree	0	0
Strongly Disagree	0	0
Total	45	100

**Figure 3: The material was presented in an organized manner**

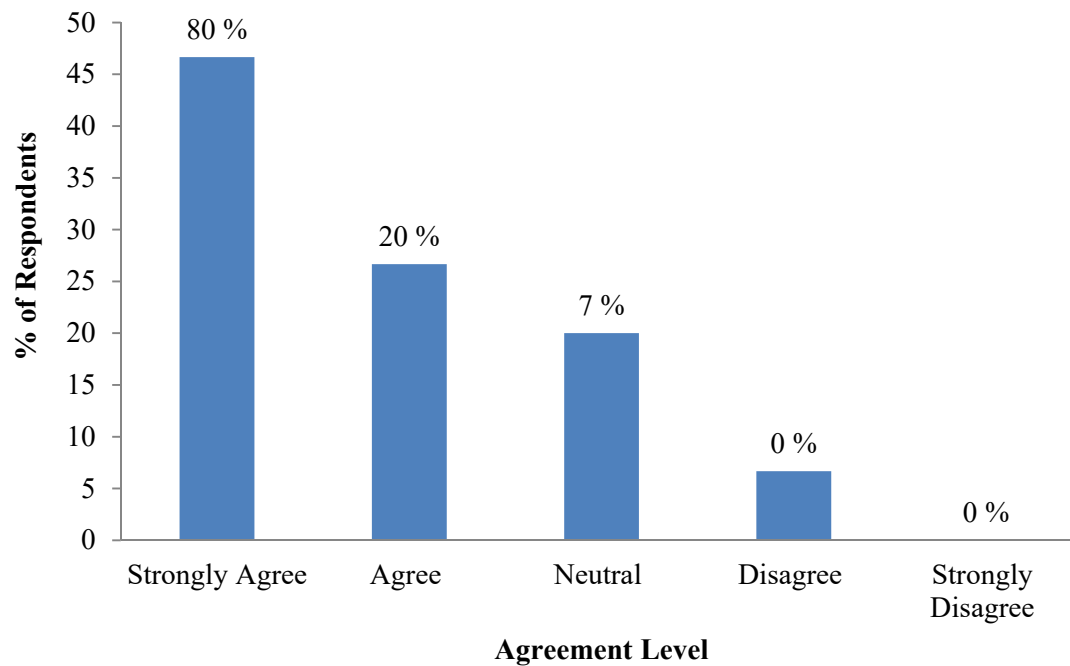

**Inference:** The above figure indicates that 94 % of the respondents have agreed and 7 % of respondents were neutral that the material was presented in an organized manner.

**Table 4: The instructor was an expert on the topic**

Agreement Level	No. of Respondents	Percentage (%)
Strongly Agree	36	80
Agree	9	20
Neutral	0	0
Disagree	0	0
Strongly Disagree	0	0
Total	45	100

**Figure 4: The instructor was an expert on the topic**

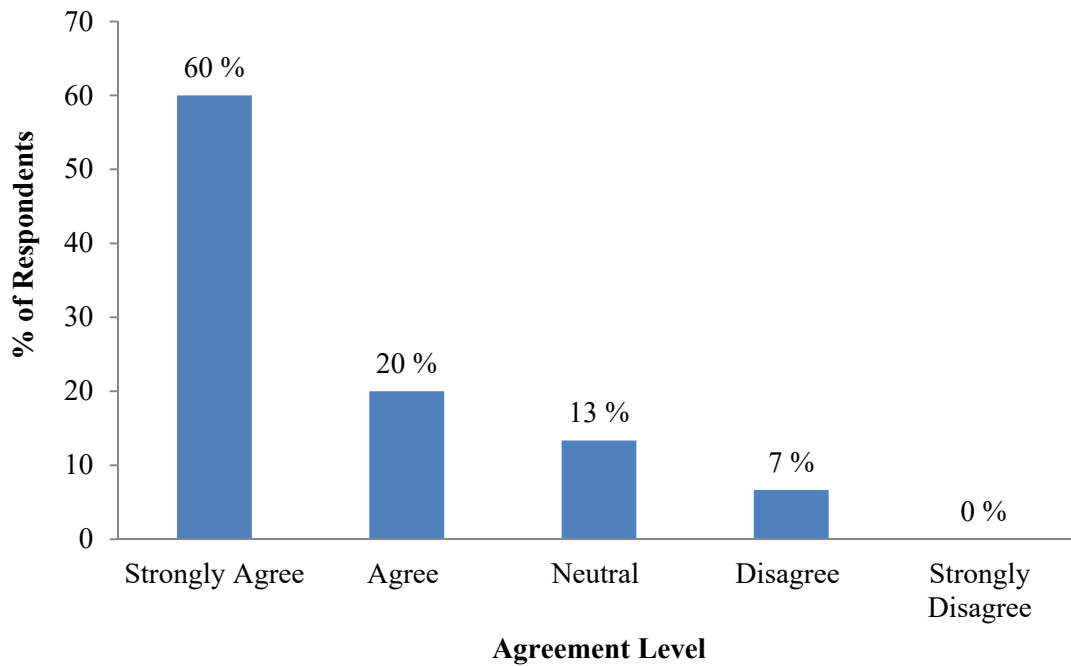

**Inference:** The above mentioned figure indicates that 100% of the respondents have agreed that the instructor was an expert on the topic.

**Table 5: The program was well paced within the allotted time**

Agreement Level	No. of Respondents	Percentage (%)
Strongly Agree	27	60
Agree	9	20
Neutral	6	13
Disagree	3	7
Strongly Disagree	0	0
Total	45	100

**Figure 5: The program was well paced within the allotted time**

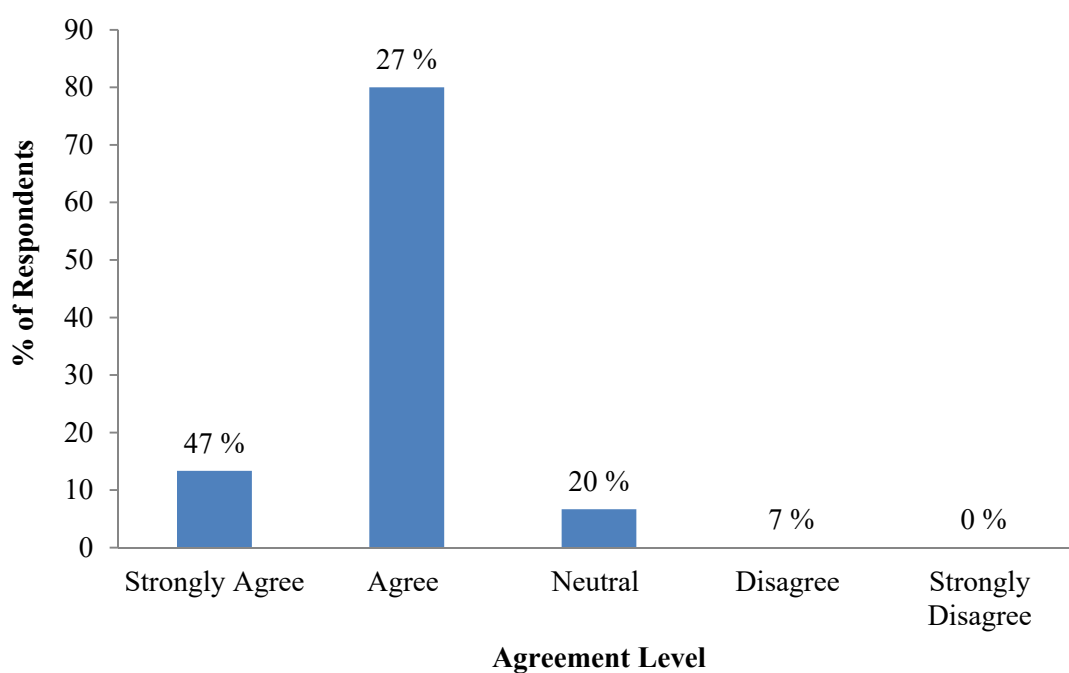

**Inference:** The above figure indicates that 80% of respondents have agreed, 13% of the respondents were neutral and 7% of the respondents have disagreed that the program was well paced within the allotted time.

**Table 6: I will be interested in attending more advanced workshop on this same subject**

Agreement Level	No. of Respondents	Percentage (%)
Strongly Agree	21	47
Agree	12	27
Neutral	9	20
Disagree	3	7
Strongly Disagree	0	0
Total	45	100

**Figure 6: I will be interested in attending more advanced workshop on this same subject**

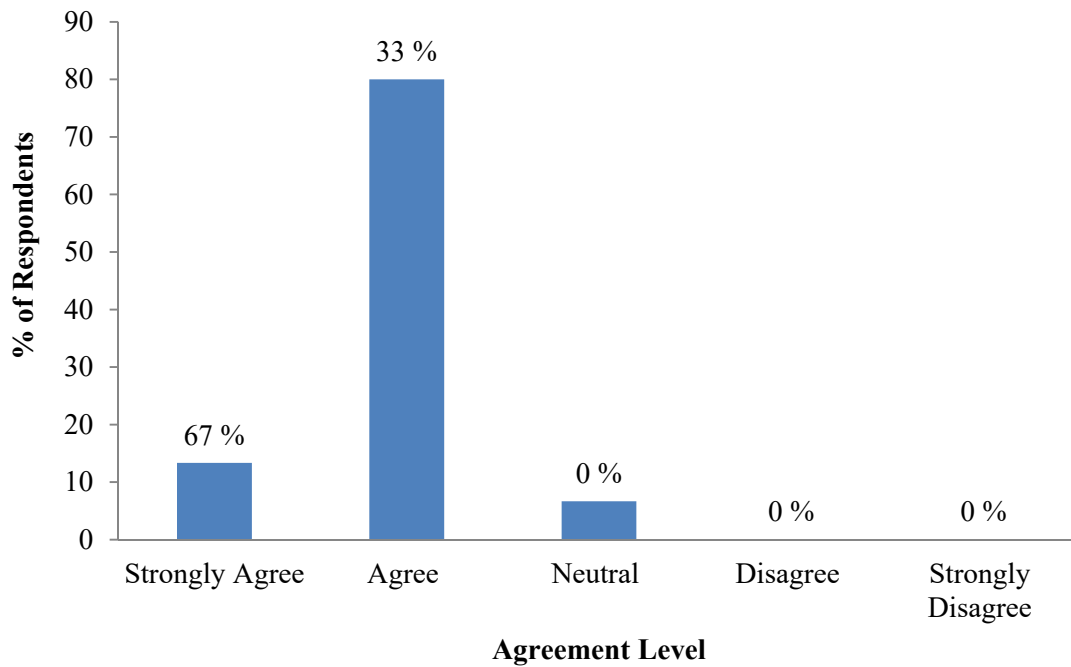

**Inference:** The above figure indicates that 77% of respondents have agreed, 20% were neutral and 7% of respondents have disagreed that they will be interested in attending more advanced workshop on this same subject.

**Table 7: I will recommend this workshop to others**

Agreement Level	No. of Respondents	Percentage (%)
Strongly Agree	30	67
Agree	15	33
Neutral	0	0
Disagree	0	0
Strongly Disagree	0	0
Total	45	100

**Figure 7: I will recommend this workshop to others**

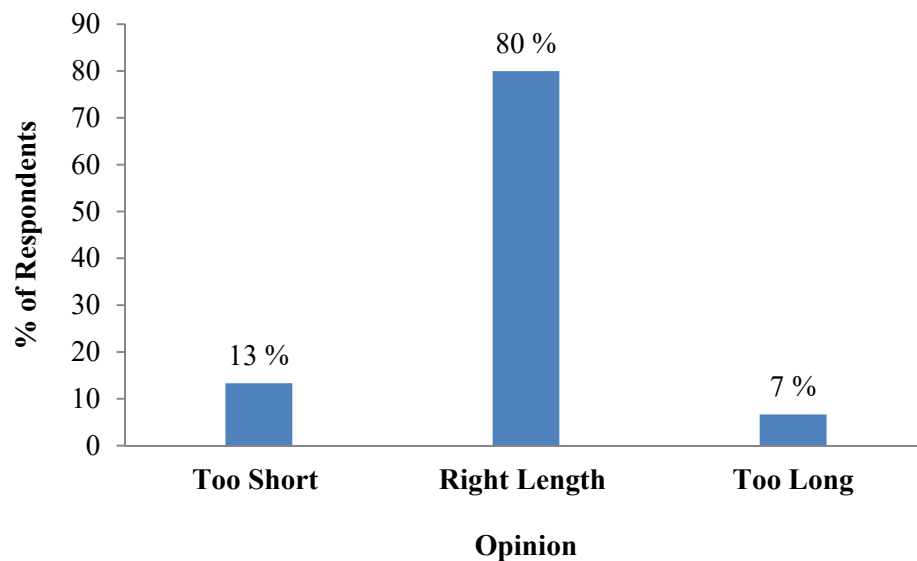

**Inference:** The above figure indicates that 100% respondents have agreed that they recommend this workshop to others.

**Table 8: Given the topic, was this workshop?**

Opinion	No. of Respondents	Percentage (%)
Too Short	6	13
Right Length	36	80
Too Long	3	7
Total	45	100

**Figure 8: Given the topic, was this workshop?**

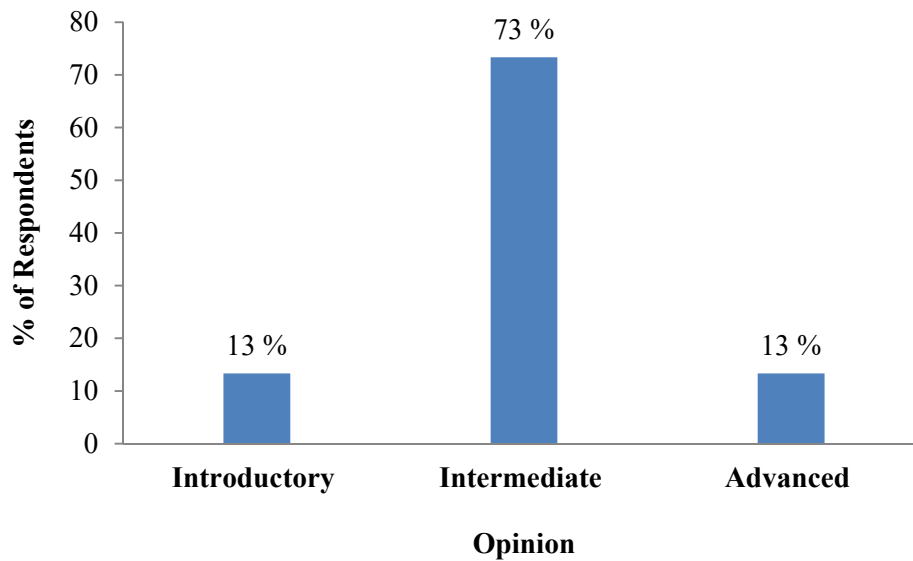

**Inference:** The above figure shows that 80% of the respondents have said that given the topic, the workshop is in the right length, 13% of respondents have felt that given the topic, the workshop was too short and 7% have responded that given the topic, the workshop was too long.

**Table 9: In your Opinion, was this workshop?**

Opinion	No. of Respondents	Percentage (%)
Introductory	6	13
Intermediate	33	73
Advanced	6	13
Total	45	100

**Figure 9: In your Opinion, was this workshop?**

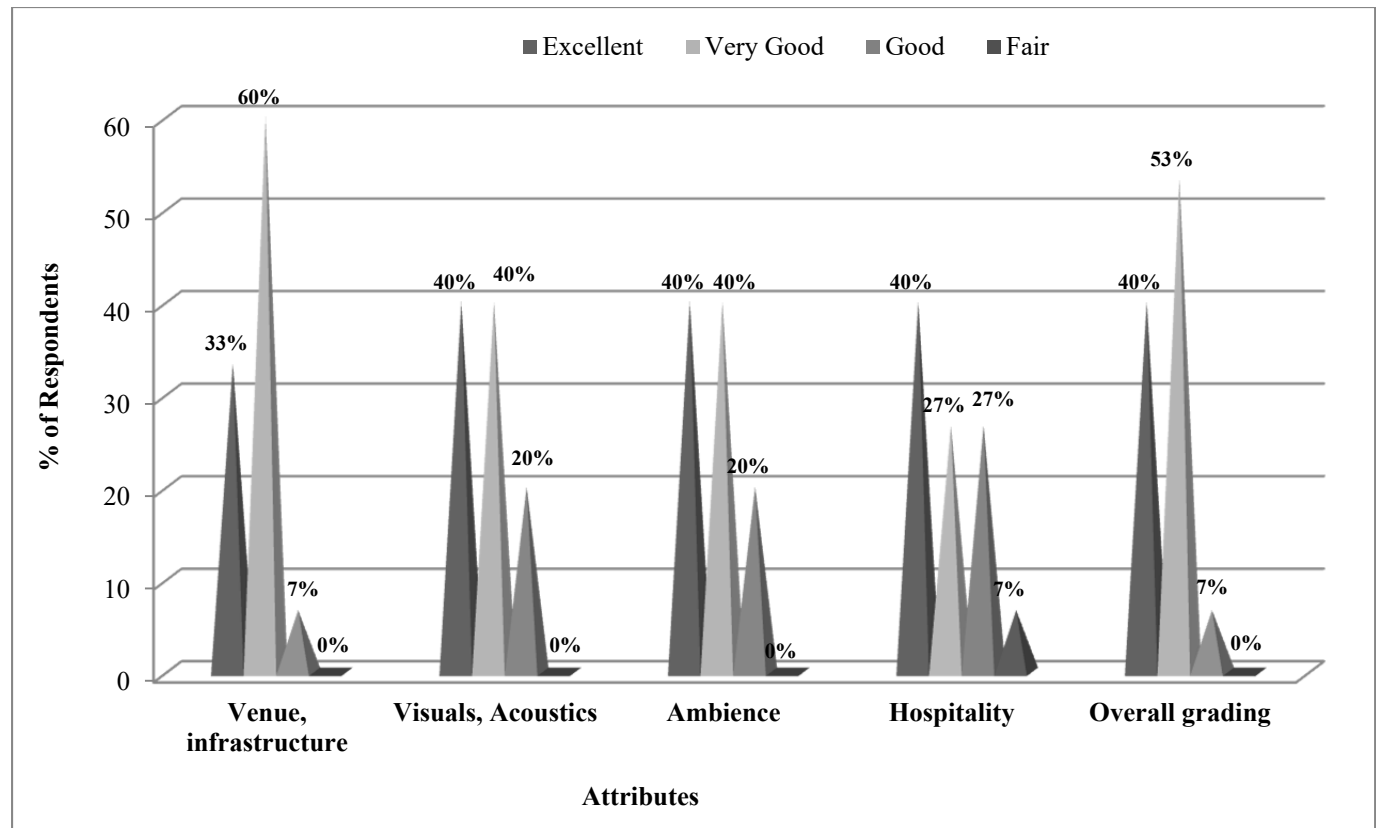

**Inference:** The above figure indicates that 73% of the respondents have said that the workshop was intermediate, 13% of respondents have said that the workshop was introductory and remaining 13% have said that the workshop was advanced.

**Table 10: Ratings of Facilities**

Particular	Excellent		Very Good		Good		Fair		Total	
	N	%	N	%	N	%	N	%	N	%
Venue, infrastructure	15	33	27	60	3	7	0	0	45	100
Visuals, Acoustics	18	40	18	40	9	20	0	0	45	100
Ambience	18	40	18	40	9	20	0	0	45	100
Hospitality	18	40	12	27	12	27	3	7	45	100
Overall grading	18	40	24	53	3	7	0	0	45	100

**It is clear from the above figure that out of 45 respondents,**

- 60% have felt that the venue and infrastructure provided for virtual workshop are very good, 33% have felt excellent, and 7% have felt good.
- 40% have responded that visuals and acoustics provided in the virtual workshop are excellent, 40% have felt very good, and 20% have felt good.
- 40% have said that ambience provided in the virtual workshop is excellent, 40% have felt very good, and 20% have felt good.
- 40% have said that hospitality rendered for the virtual workshop is excellent, 27% have felt very good, 27% have felt good, and 7% felt fair.
- 40% have rated the overall grading of the virtual workshop excellent, 53% rated very good, and 7% rated good.

### **Suggestions for Improvement**

- a) Instructors were specialized in the research areas covered in the virtual workshop.
- b) Information provided by the speakers is handy and fruitful for the research work of students.
- c) Teachers have really worked hard to educate the students on SPSS and make their research project work as simple as possible.
- d) Few breaks are needed for this kind of workshop.
- e) Enabling the students to go through the theoretical concepts and exercise the concepts in the lab.

## DEPARTMENT OF MANAGEMENT

### “REPORT ON FIVE DAY NATIONAL WORKSHOP ON ADVANCED STATISTICAL ANALYSIS USING SPSS”

**Date:** 14/12/2019 – 18/12/2019

**Time:** 5.30pm – 7.00pm

**Number of beneficiaries:** 125

**Objective:**

To help the academicians, Researchers and industries take holders to Gain practical insight on data collection tools, Statistical tools along with application of Technology of data processing and statistical analysis in social science research .It was an great opportunity to the participants to have an hand-on- experience on SPSS. It will help the researcher to analysis the data with multidisciplinary data.

**Brief write up on the Workshop:**

SPSS is a comprehensive and flexible statistical analysis and data management solution. The workshop is aimed to equip academicians, Researchers and industries take holders to Gain practical insight on data collection tools, Statistical tools along with application of Technology of data processing and statistical analysis in social science research. The workshop started on 14<sup>th</sup> December 2019 at 5.30 pm with the inauguration ceremony addressed by Rev Dr. Augustine George Principal Kristu Jayanti College Autonomous Bangalore. His motivational speech was an energetic ambiance for the resource person as well as participants.

Day 1: Dec 14<sup>th</sup> : Introduction to SPSS, Descriptive Statistics, Data Summarization, Graphical presentations Day Dr. Joythi Manoj was the resource person , she give a brief introduction of SPSS , discussed in detail about the Data entry, setting variables in Spss. How graphical representation can be presented in Spss with a specific data.

Day 2: Dec 15<sup>th</sup> : Tests of Hypothesis-One means test, two-means test, ANOVA, Chi square test. The session took by Dr. Joythi Manoj she explained clearly how to frame a hypothesis and how we

can use Anova and Chi Square to test the framed hypothesis. She helped the participants to check the analysis the data in a most efficient way.

Day3: Dec 16<sup>th</sup>, Regression Day This session taken by Dr. Vinoth Balakrishnan, Sir Session was an enlightening to all the participants in using Regression method in Data analysis in a most efficient way. This session was very helpful for the researchers who haven't experience the analysis tool using regression.

Day 4: Dec 17<sup>th</sup>: Multiple Regression and Discriminant Analysis Day This session taken by Dr. Joythi Manoj were she in - depth explained the versatility in using Multiple regression and demonstrated hand-on- in Spss which was an important part of this session, the participants could able to understand Multiple regression and Discriminant Analysis efficiently.

Day5: Dec 18<sup>th</sup> : Factor Analysis and Cluster Analysis This session taken by Dr. Joythi Manoj, in this session she discussed various factor analyzing tool and how to cluster Analysis a Data , It was an add on advantage for the participants for acquiring the knowledge in detail and use it for their future research.

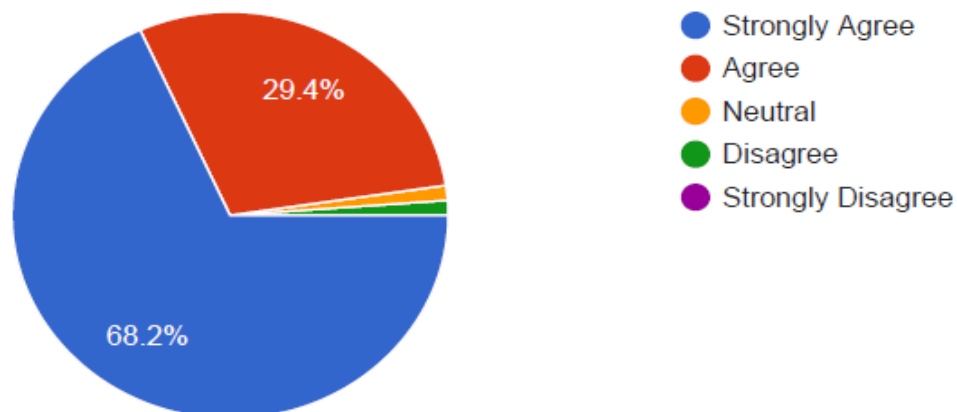

Thus, the workshop was an enriching session for all the participants on advanced statistical analysis using spss

## Inauguration of Five Day National Workshop on Advanced Statistical Analysis using SPSS by Dr.Rev.Augustine George, Principal, Kristu Jayanti College (Autonomous), Bengaluru

The screenshot shows a Zoom meeting interface. At the top, the meeting title is 'BBA Department'. Below it, there are three video thumbnails: 'Dr. JyothiManoj', 'Asst. Prof.Gincy...', and 'Sunil'. A notification bar says 'Priyadharshini . R entered the waiting room'. Below the thumbnails is a presentation slide titled 'Types of variables'. The slide lists four types of variables:

- ◆ Nominal Variable- naming variables
- ◆ Ordinal variables – order of the numbers matter/ ranking
- ◆ Interval Scale- numeric/but no absolute zero
- ◆ Ratio scale- purely numeric – salary, weight/ height/ age/- there is absolute zero

On the right side of the Zoom window, there is a 'Participants' list with 108 participants. The list includes 'BBA Department (Host, me)', 'Dr. JyothiManoj (Co-host)', 'Asst. Prof.Gincy Charles (Co-host)', 'Dr. Vinoth Balakrishnan (Co-host)', 'Mr Surendranath Red...', 'Akhi', 'Aravindh', 'Ashiq', 'Asst. Prof. Aneesha K Shaji', 'C. Kala', and 'Canisha JS'. There are buttons for 'Invite' and 'Mute All'.

**Day 1: Session on Introduction to SPSS by Resource Person Dr.Jyothi Manoj, Assistant Professor, Department of Computer Science (PG) – Statistics, Kristu Jayanti College (Autonomous) Bengaluru**

The screenshot shows a Zoom meeting interface. At the top, the meeting title is 'BBA Department'. Below it, there are three video thumbnails: 'Dr. JyothiManoj', 'Asst. Prof.Gincy...', and 'Sunil'. Below the thumbnails is the SPSS Statistics Data Editor window. The window shows a list of variables with their types, widths, decimals, labels, values, missing values, columns, align, measure, and role. The variables are:

Name	Type	Width	Decimals	Label	Values	Missing	Columns	Align	Measure	Role
1. SNo	Numeric	12	1		None	None	12	Right	Scale	Input
2. Gender	Numeric	12	1		None	None	12	Right	Nominal	Input
3. Age	Numeric	12	1		None	None	12	Right	Scale	Input
4. Category	Numeric	12	1		None	None	12	Right	Nominal	Input
5. Income	Numeric	12	1		None	None	12	Right	Scale	Input
6. PerformanceatworkfromOffice	Numeric	12	1	Performance from Office	None	None	12	Right	Scale	Input
7. Satisfaction	Numeric	12	1		None	None	12	Right	Nominal	Input
8. PerformanceatworkfromHome	Numeric	12	1	Perform	None	None	12	Right	Scale	Input

On the right side of the Zoom window, there is a 'Participants' list with 112 participants. The list includes 'BBA Department (Host, me)', 'Dr. JyothiManoj (Co-host)', 'Asst. Prof.Gincy Charles (Co-host)', 'Mr Surendranath Red...', 'Akhi', and 'Aravindh'. There are buttons for 'Invite' and 'Mute All'. Below the participants list is a 'Chat' window with messages:

- From SPSS20\_062 Archana Dixit to Everyone: does it only take float type?
- Ok ma'am...thank you.

### **REPORT ON INTERNATIONAL YOGA DAY - 2021**

Intra

**Date:** 21<sup>st</sup> June 2021

**Beneficiaries:** 30 MBA Students and 11 Teachers

#### **Brief Report about the Programme:**

Kristu Jayanti School of Management and Department of Computer and Science PG organized the International Yoga Day celebrations on June 21, 2021. The session was conducted virtually with a motive of to raise awareness on the many benefits of Yoga and to focus on the physical well-being. Sanyasi Devanand, Teacher at Atma Darshan Yogashram, Bengaluru was the guest speaker. Ms. Pavani, student from Atma Darshan Yogashram also joined the session to demonstrate various asanas.

The webinar started with a prayer song followed by the welcome speech which was given by Ms. Merlin Florida, 1<sup>st</sup> Year MBA. After the speech, Mr. Aaysh M Joe introduced the guest speaker to the audience. The speaker was able to give an in-depth knowledge on all the asanas basically focusing on the physical and mental health. Sanyasi Devanand made the students understand the importance of yoga in daily life especially to the people who were impacted by Covid-19.

Sanyasi Devanand concluded the session by reminding the audience to practice yoga especially in this current pandemic where people are staying home and also stressed on the importance of some asanas which are very useful in dealing with the infection and strengthening the immune system. He then asked the audience to switch on their camera and to follow Ms. Pavani in doing some basic asanas. Sanyasi Devanand first gave an introduction to the asana by explaining the importance and benefits of it. Then as per his commands, Ms. Pavani demonstrated the asana. Finally the audiences were asked to follow the demonstrator.

The speaker shared noteworthy insights which were truly enlightening. The platform was then opened for question and answer session. The vote of thanks was given by Jainy James 1<sup>st</sup> Year MCA. Then Dr Aloysius Edward, Dean, Kristu Jayanti School of Management gave his concluding remarks. The programme was coordinated by Faculty Coordinator, Dr Sheeja Krishnakumar and the session ended with Jayanthian Anthem.

### **Feedback:**

The programme held by Kristu Jayanti School of Management and Department of Computer and Science PG faculty on Yoga were very informative and encouraging to all the students and other participants. The speakers were able to give us an in-depth knowledge on all the asanas and patiently cleared all the questions that was asked by the participants which gave us the hope for the physical and mental health. He made us understand on the importance of yoga in daily life especially to the people who were impacted by Covid-19. This helps us to prepare ourselves for good health in the future. I would like to thank the faculty of the School of Management for organizing the event and providing us with the opportunity to participate in the programme.

– Aayush M Joe, 1<sup>st</sup> Year MBA, Section B.

### **REPORT ON GUEST LECTURE**

**Title: CLOUD COMPUTING**

Date:4-9-2021

Classes Attended & Number of beneficiaries: V BCA (A, B, C, D & E) (198 students)

Name and details of the Resource Person: Mr. Arun Kumar, Consultant, Deloitte. (ALUMNI)

#### **Objective:**

To understand the concepts of cloud computing and usage.

#### **Brief Write up on the Programme: [min 10 lines]**

Cloud computing is a technology that uses the internet for storing and managing data on remote servers, and then access data via the internet. ... One such example is **Google cloud** – It is a suite of public cloud services offered by Google. All the application development run on Google hardware.

Cloud computing is believed to have been invented by **Joseph Carl Robnett Licklider** in the 1960s with his work on ARPANET to connect people and data from anywhere at any time.

**Mr. Arun Kumar talked** about purpose of Cloud Computing. Cloud computing makes data backup, disaster recovery, and business continuity easier and less expensive because data can be mirrored at multiple redundant sites on the cloud provider's network..

There are 4 main types of cloud computing: **private clouds, public clouds, hybrid clouds, and multi clouds**. There are also 3 main types of cloud computing services: Infrastructure-as-a-Service (IaaS), Platforms-as-a-Service (PaaS), and Software-as-a-Service (SaaS).

**Software-as-a-Service (SaaS)** is probably the most well-known application for cloud computing. Essentially, SaaS products distribute data online, and are accessible from a browser on any device, which allows those companies to continue to host the software.

### **REPORT ON GUEST LECTURE**

**Title: Storage and Linux (Real World Application)**

Date:4-9-2021

Classes Attended & Number of beneficiaries: III BCA (A, B, C, D & E) (218 students)

Name and details of the Resource Person: Mr. Adwin Roy, Senior Engineer. Cloud Infrastructure services, Wipro Limited. (ALUMNI)

#### **Objective:**

To understand the real time applications of storage and Linux

#### **Brief Write up on the Programme: [min 10 lines]**

The tech talk on 'Storage & Linux – Real World Application', organized by the Computer Science Department of Kristu Jayanti College on **04-09-2021, Saturday** was indeed a blessed one. Offering thanks to God, the session started at 08:30 a.m. with a welcome address by Mr. Sangeeth V Mathews of III BCA D. After the address, **Mr. Adwin Roy**, the **resource person** for the day, was invited to lead with the tech talk. All the students were very happy to know that Mr. Adwin was an alumni of our college.

One of the major topics covered in the talk was **NAS (Network Attached Storage) and SAN (Storage Area Networks)**, its functionalities, importance, and real life applications. Being a new and interesting topic, all the students were very keen to know more and more about it. Also, Mr. Adwin shared with us the scope of **Open Source programs and Operating Systems**. The session was at all times interactive, and Mr. Adwin made sure of that. After his talk, time was allocated for discussion about the same topic. Most of the students took part in the same.

After the talk by Mr. Adwin, Mr. Shawn Biju Thomas of III BCA D carried on with the vote of thanks. We all showed our gratitude to Mr. Adwin Roy for being a part of our Tech talk. The **faculty** of the department were always keenly listening, and helped Mr. Adwin in the event.

After these, the students were all thanked for being a part of the session by the faculty and Mr. Adwin, after which the meeting was ended.

**Brochure:**

The brochure is for a tech talk event organized by the Department of Computer Science (UG) at Kristu Jayanti College, Bengaluru. The event is titled "Tech talk on Storage & Linux – Real World Application" and is specifically for Second Year BCA Students. The resource person is Mr. Adwin Roy, a Senior Engineer at Wipro Limited, specializing in Cloud Infrastructure Services. The event is scheduled for 04.09.2021 from 8:30 AM to 09:30 AM. The brochure features the college's logo and name at the top, followed by the department name and the event details. A photo of Mr. Adwin Roy is included on the left side. The Zoom logo is at the bottom, indicating the event will be held online.

### **REPORT ON GUEST LECTURE**

**Title: Deep Learning Architecture**

Date: 15<sup>th</sup> September 2021

Classes Attended & Number of beneficiaries: III/V Semester-Computer Science-95

Name and details of the Resource Person:

Shri Sabyasachi Mukhopadhyay,  
Google Developer Expert in Machine Learning,  
Kolkata

**Objective:** To get a deeper understanding about the concepts of Deep Learning Architecture and acquiring practical skills needed to accomplish the same

#### **Brief Write up on the Programme:**

An exclusive technological skill enhancement webinar was organized by the Department of Computer Science UG of Kristu Jayanti College Bengaluru in association with ACM-W, on the topic 'Deep Learning Architecture' scheduled on 15<sup>th</sup> September 2021 at 03:30PM in its endeavors to provide a deep understanding on the Deep Learning Architecture and the practical knowledge needed to achieve that, followed by explanation with respect to today's booming IT world. The session was commenced by Fr. Lijo P Thomas, Financial Administrator, Kristu Jayanti College, Bengaluru who talked about the importance of the date i.e., 15<sup>th</sup> September as it is considered as "National Online Learning Day". He underlined how the New Normal is providing a wider platform for attaining the online learning, and how the keen learners can acquire knowledge and get expertise over it from anyone from any part of the world, irrespective of the location. Later, the session was presided over by respected Shri Sabyasachi Mukhopadhyay, Google Developer Expert in Machine Learning, Kolkata who firstly commended all the participants for their high spirit and contributing efforts towards the success of the webinar. He further went on to give a vivid outlook on the Deep Learning Architecture. The webinar was elated with the enlightening knowledge by the resource person.

Shri Sabyasachi Mukhopadhyay highlighted his views on: "Google Colaboratory" and DCNN (Deep Convolutional Neural Network) and further threw light on the practical session on Google Colab. The session went on to be more informative as he illustrated the practical session through the official website of Google Colab with the actual code and the text screenshared for the participants to execute, learn and understand simultaneously. He instigated the demonstration by

giving an introduction to AlexNet, DCNN by explaining about its Learning Representations, Ingredients Needed: Data and Hardware, Activation Functions and Capacity Control & Processing. He recapitulated the whole session by explaining the need to understand these skills in today's AI era.

Finally, Head of the Department PG, Dr. Kumar R, Department of Computer Science (PG), Kristu Jayanti College Bengaluru extended his sincere appreciation to Shri Sabyasachi Mukhopadhyay for expounding the knowledge of Deep Learning Architecture and for giving a remarkable contribution towards the session.

## **DEPARTMENT OF COMPUTER SCIENCE**

### **REPORT ON GUEST LECTURE**

**Title: Tech talk on Data Science**

Date: 25-9-2021

**Classes Attended & Number of beneficiaries:** V Sem BCA& BSc (298 students)

**Name and details of the Resource Person:** Ms. Shwetha Gopinatha Rao, Senior Lead Data Science Engineer at Gramener.

#### **Objective:**

To understand the real time applications of Data Science

#### **Brief Write up on the Programme: [min 10 lines]**

Data science is the field of study that combines domain expertise, programming skills, and knowledge of mathematics and statistics to extract meaningful insights from data. Data science practitioners apply machine learning algorithms to numbers, text, images, video, audio, and more to produce artificial intelligence (AI) systems to perform tasks that ordinarily require human intelligence. In turn, these systems generate insights which analysts and business users can translate into tangible business value.

**Ms. Shwetha Gopinatha Rao** Spoke about The importance of data Science brings together the **domain expertise from programming, mathematics, and statistics to create insights and make sense of data.** ... Data science is high in demand and explains how digital data is transforming businesses and helping them make sharper and critical decisions.

Data scientists are one of the most sought-after roles in corporate America today, because organizations, armed with the right talent, can drive more value from its data. However, data scientist roles are evolving as a matter of **technological innovation and market maturity.** Data Science is one of the most highly paid jobs. According to Glassdoor, Data Scientists make an average of \$116,100 per year. This makes Data Science **a highly lucrative career option.**

**DATA IS THE NEW SCIENCE BIG DATA HOLDS THE ANSWERS."**

**Business Intelligence Vs Data Science**

Factors	Business Intelligence	Data Science
Concept	Deals with data analysis on the business platform.	Consists of several data operations in various domains.
Scope	BI analyzes past data	Past data is analyzed for future predictions.
Data	Handling static and structured data	Both structured & unstructured data that is also dynamic.
Data Storage	Data stored mostly in data-warehouses	Data utilized is distributed in real time clusters.
Procedure	BI helps companies to solve questions.	Questions are both curated and solved by data scientists.
Tools	MS Excel, SAS BI, Sense, Microstrategy	Python, R, Hadoop/Spark, SAS, TensorFlow.

### REPORT ON GUEST LECTURE Title: CYBER SECURITY ESSENTIALS

Date:23-10-2021

Classes Attended & Number of beneficiaries: All I<sup>st</sup> year BCA & I BSc - 362 Students

Name and details of the Resource Person: Mr. Joseph Sibychen, EC Council certified Cybersecurity Trainer.

#### Objective:

To understand the essentials of Cybersecurity.

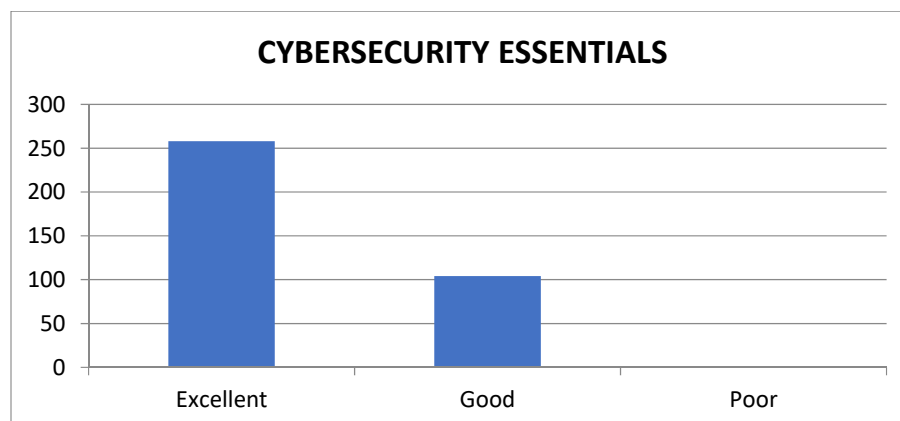

#### Brief Write up on the Programme: [min 10 lines]

One of the core ideas that was talked about was how Cyber security is important to the world and why the student should know more about it. Mr. Joseph explained how there were two types of hackers; black hat and white hat hackers and how hacking should be used only in good measures. He even made sure the students understood concepts of various cybercrimes including phishing and vishing and also how to be cautious of malware and ransomware. Mr. Joseph also showed example techniques of how cybersecurity is worked in coding. The session was at all times interesting and the students were keen on knowing more, and towards the end there was a discussion, that the students engaged in.

#### Feedback:

**Brochure:**

The brochure features a colorful gradient background transitioning from purple and blue at the top to green and yellow at the bottom. At the top left is the college's circular logo. To its right, the college's name is written in a serif font, with 'AUTONOMOUS' in a blue box and 'Bengaluru' in another. Below this, smaller text mentions NAAC accreditation and affiliation. The central text, in a clean sans-serif font, identifies the organizing department and the webinar topic, with the title in bold red. A professional headshot of the resource person is centered below the title. His name and credentials are listed in bold and regular sans-serif fonts. The date and time of the event are provided in a regular sans-serif font, followed by the platform name in a bold sans-serif font.
