Major activities of EIC

1. YESCAN: Young Entrepreneurs Series (YES) is an educative initiative aimed at installing entrepreneurship spirit in the minds of the youth of Kristu Jayanti College. YES CAN is a program meant to create awareness about the entrepreneurial possibilities, the investment avenues and opportunities available for them.

The event will showcase the best of **Successful Young Indian Entrepreneurs** who will share their experiences, challenges and methods to become successful entrepreneurs.

YES CAN 2019 is mainly focused on the theme of the year which is “Collaboration And Networking” (CAN) to attract more youths to the new world of opportunities towards starting enterprises and embracing entrepreneurship. The main highlights of YES CAN 2019 include:

- Focus on encouraging and attracting more than 200 interested students.
- Interactive sessions for budding entrepreneurs with Successful Startup founders.
- Creating a platform to encourage startups and young entrepreneurs to exchange ideas.

2. E-Week: E-week is a program meant to develop entrepreneurial abilities among students. It aims at inculcation, development and polishing of skills of a person to meet the individual's needs to establish and successfully run his/her enterprise. Major focus was on the ways to help the students know about entrepreneurship opportunities in the market and help them to be creative thinkers in their business.

3. E-Store: Entrepreneurship is a key driver of our economy. Wealth and a majority of jobs are created by small businesses started by entrepreneurially minded individuals, many of which go on to emerge as big businesses. People exposed to entrepreneurship frequently express that they have more opportunity to exercise creative freedoms, higher self-esteem, and an overall greater sense of control over their own lives. As a result, many experienced business people, political leaders, economists, and educators believe that fostering a robust entrepreneurial culture will maximize individual and collective economic and social success on a local, national, and global scale.

Keeping this in mind, the Entrepreneurship and Innovation Centre of Kristu Jayanti College (Autonomous) has taken the initiative to come with E-Store. The Cell provides opportunity to the students every week to exhibit their entrepreneurial skills by coming up with a creative stall and sell products the whole day in the college campus.

4. Jayantian Alumni Entrepreneurs Meet-2019: This programme is mainly focused on networking and collaboration, experience sharing with our present students and Jayantian

alumni entrepreneurs. It also emphasizes on Interaction with Industry Experts. The main objective behind this meet is:

- to create entrepreneurship related associations.
- to create international entrepreneurial networks.
- to increase graduate entrepreneurs by supporting young start-ups
- to promote active alumni engagements and act as role model for other alumni associations.
- to be a connecting hub between alumni, students and faculty on entrepreneurship matters.
- to promote the Entrepreneur Alumni Network (EAN).

E-Store is one of the activities initiated by the Entrepreneurship and Innovation Centre of Kristu Jayanti College. It provides a great platform for the students to showcase their entrepreneurial skills which help them understand certain important aspects related to business like investment, marketing strategies, sales, and profit. There were 4 stalls put up this Thursday by the students in the college premises as part of the inauguration of E-Store. All the stalls got remarkable response from their customers and earned a reasonable amount of profits after covering their costs. The investments by different stallholders were ₹500, ₹320, ₹1910 and ₹187 with profits of ₹730, ₹880, ₹4950 and ₹583 respectively. Everything was conducted smoothly with the help of the faculty coordinators and the student coordinators and the students were happy with the returns they earned. This encouraged the students who had put up the stalls to showcase their entrepreneurial skills.

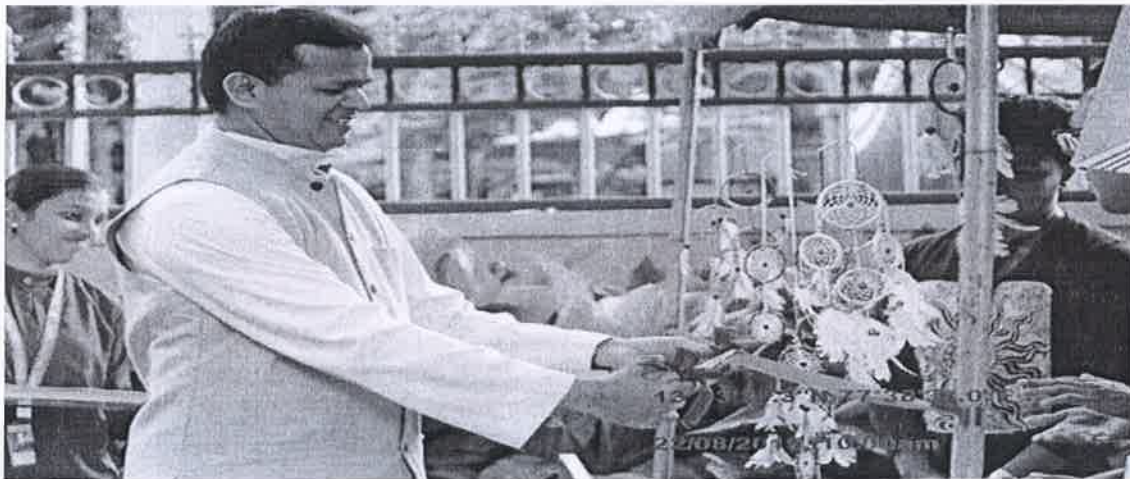

Number of Customers – 350 +

Feedback received from the customers: The feedbacks received by students for their respective stalls were brilliant. Students loved the pencil lead carving done by one of the stallholders and asked them to put the same stall again. They earned ₹6860 from their business. The other stalls were also appreciated a lot and were loved by everyone.

Learning Outcome of the Entrepreneur: Marketing and promotion to be done in advance to enhance the visibility.

Brief Write up on the Store: The young students of Kristu Jayanti College this week had E-Store as one of the activities initiated by the Entrepreneurship and Innovation Centre of Kristu Jayanti College. With the help of this activity students get a great platform to showcase their entrepreneurial skills which help them understand certain important aspects related to business like investment, marketing strategies, sales, and profit. There were 2 stalls put up this Thursday by the students in the college premises. All the stalls got a remarkable response from their customers and earned a reasonable amount of profits after covering their costs. The investment by different stallholders was ₹1000, and ₹1300 with a profit of ₹1200, ₹1700, respectively. Everything was conducted smoothly with the help of the faculty coordinators and the student coordinators and the students were happy with the returns they earned. Being the season of Christmas, the students were able to influence the students of the college to buy their goodies with beautiful presentation of their products in their stalls. This encouraged not only the students who had put up the stalls to showcase their entrepreneurial skills but also the other students who wish to do the same. It also gave them a slight idea of

how a business work and most definitely encouraged them to take bigger steps in order to become successful entrepreneurs.

Number of Customers: 350 +

Feedback received from the customers: Students were really satisfied and were ready to go forward with their future plan of action as they were able to have an experiential learning. The overall feedbacks received by students for their respective stall were brilliant. Students of the college loved all the Christmas goodies which were being sold and also the snacks items. They learnt and got a slight idea of the business world and claimed to have a great experience while putting up their own stalls.

Learning Outcome of the Entrepreneur: The students were able to clearly understand about their efforts and the areas they were lagging behind to grab the market, namely to focus more on marketing of their products and the customers' satisfaction level. Presentation of their products attractively is also a key aspect.

Brief Write up on the Store: E-Store is one of the activities initiated by the Entrepreneurship and Innovation Centre of Kristu Jayanti College. It provides a great platform for the students to showcase their entrepreneurial skills which help them understand certain important aspects relating to business such as investment, marketing strategies, sales, and profit. There were 2 stalls put up this Thursday by the students in the college premises. Both the stalls got remarkable response from their customers and earned reasonable amount of profits which covered their costs. The investment by different stallholders was ₹1950 and 1500 with a profit of ₹630 and ₹1000 respectively. Thanks to the support of the faculty coordinators and the student coordinators, everything went on well. The students were happy with the returns they earned. This just didn't encourage only the students who had put up the stalls to showcase their entrepreneurial skills but also the other students who wish to do the same.

Number of Customers: 350 +

Feedback received from the customers: The feedbacks received by students for their respective stalls were brilliant. Students liked all the art and craft work presented for sale by the stall holders and even appreciated the efforts of the students to come up with a stall for face masks at a reasonable price.

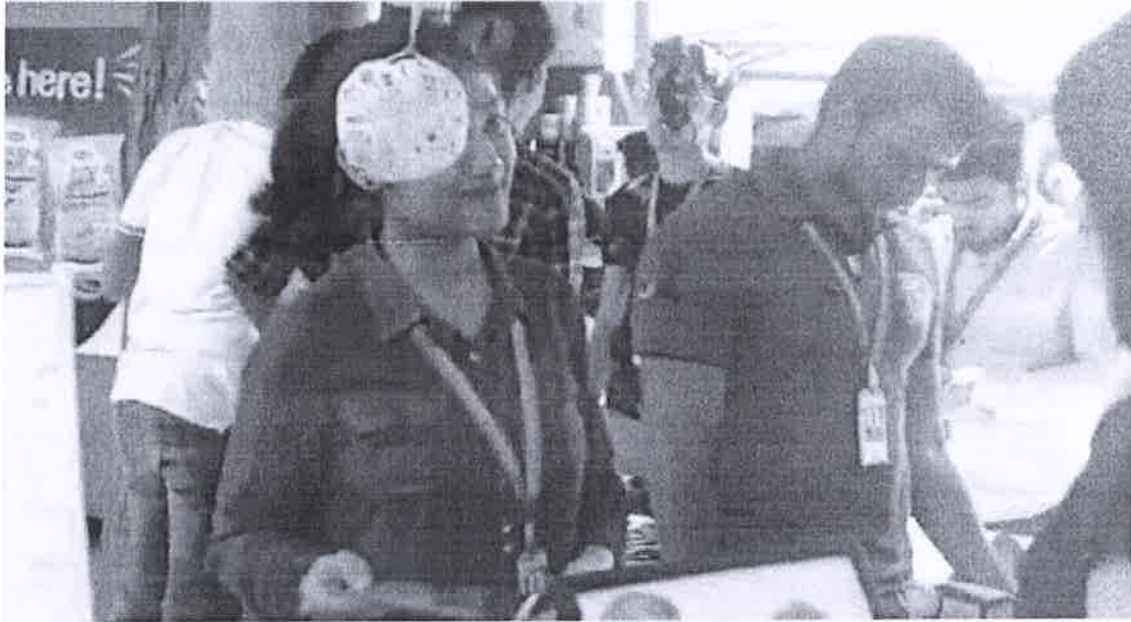

Learning Outcome of the Entrepreneur: Presentation and marketing of products are very important for attracting more customers and much more promotion was required which was lacking.

LEARNING OUT COME: As being BBA final year students from 1st year we were into fest. Later we thought why cant we start our own business and apply what ever we learned from festing. We wanted to put subject knowledge into real life situation. Still we are in learning stage and trying to make our brand reach globally.

Out of the event we learned how a physical retailing works because all these year we were only into online retailing. Setting stall taught us how to convince customer in real-time. We made good connection with different colleges and university which created goodwill among college unions.

Ultimately we just applied what ever we learned from college and put that into real time situation.

I am Akash Patil of Kristu Jayanti College from B.A (JPSE) of 2016-2019 batch. Kristu Jayanti College is an institution which nurtures and shows the right path to the young minds. As I wanted to be a job creator rather than a job seeker, I chose to become the member of Entrepreneurship and Innovation Centre. This cell helps you to identify your potentials. They organise seminars, workshops etc. from time to time where the experienced people come and share their experience with us. It is very interesting to see them, taking examples from their own experience. Learning from a group who have mastered these techniques by applying it is very helpful. They help us to explore and test new ideas. It is due to the encouragement of this cell I decided to go for a start-up new venture in YSP FOODS. The credit of my success goes to the institution and the teachers in charge of this cell.

A GLIMSE ABOUT MY LIFE AT KJC

I have joined in KJC in the year 2004. Before I was a professional sportsman in Athletics till my 12th standard and had achieved many state and national medals. But due to continuous injuries I decided to quit sports which were the most difficult decisions I had made in my life which made my nights sleepless for many days.

When I came for the admission interview with our great Principal Fr. Josekutty, he advised me not to stop sports after seeing my achievements. He asked me to continue my practice. Actually that was one of the major turning points in my entire life. In the first year itself I was able to break the 33year old Bangalore University record in pole vault which was a great moment in my entire sports carrier. **The** support and encouragement that I got from our Principal, teachers and the entire KJC family made me to achieve this.

I am very proud to say that KJC has made a major role in the formation of my entire life and specially in making me a successful Entrepreneur by giving me courage, proper directions and guidelines. I would say that my 3 year life in KJC was the most successful and memorable time in my life. The values, education, skills which I have learned from KJC are helping me a lot in my journey as a businessman.

The confidence to face my ambition, knowledge, self-esteem I got from the programmes conducted by the college. Simply idea will not make you great, but the execution is very important. That platform is provided by the entrepreneur club. The opportunity to listen to the industrial experts gave me a valuable information and guiding force.
