

# ENVIRONMENT AUDIT REPORT 2018 - 2019

**SUBMITTED BY:**

**International Institute of Waste Management**

**SUBMITTED TO:**

**Kristu Jayanti College (Autonomous)  
K Narayanapura, Kothanur PO  
Bangalore-560077, Karnataka, India**

# GREEN CERTIFICATION

04/06/2019

This is to certify that the **M/s. Kristu Jayanti College (Autonomous)**, Bangalore in association with International Institute of Waste Management, Bangalore has conducted Green Audit of the Kristu Jayanti College (Autonomous), during the period 2018-19

Also certified that the data collection has been carried out diligently and truthfully. All reasonable professional skills, rigour and care have been taken in preparing the Green Audit report and the contents thereof are true representation of facts.

P. Bineesha  
Executive Director,  
IIWM

## BACKGROUND

International Institute of Waste Management (IIWM) has been promoting the concept of 'Green Campus' to inculcate the sustainable value systems among the students, so that they carry the learnings and practices with them in their future endeavours. This will ensure that Sustainability and Environmental practices get embedded in all the institutions and organizations in the country. Kristu Jayanti College has expressed interest in conducting a Green Campus Certification programme for its campus.

This report is a precursor to the certification process. The Rating and Certification is planned for the academic year 2019-20. IIWM has been carrying out Environment/Green Audits for the KJC since 2015.

## INTRODUCTION

A nation's growth starts from its educational institutions, where the ecology is thought as a prime factor of development associated with environment. A clean and healthy environment aids effective learning and provides a conducive learning environment. To preserve the environment within the campus, various viewpoints are applied by the several educational institutes to solve their environmental problems such as promotion of the energy savings, recycle of waste, water reduction, water harvesting etc.. The activities pursued by colleges can also create a variety of adverse environmental impacts.

Environmental auditing is a process whereby an organisation's environmental performance is tested against its environmental policies and objectives. Green audit is defined as an official examination of the effects a college has on the environment. As a part of such practice, internal environmental audit (Green Audit) is conducted to evaluate the actual scenario at the campus.

## OBJECTIVES

The main objectives of Green Campus Audit is to assess the environment management and sustainability concepts practiced in the college campus. The Specific objectives of Green campus audit are:

- To systematically identify the environmental aspects and components within the campus
- To quantify, record and analyse the identified aspects and components of environmental diversity of the campus.
- To deduce the impact of the environmental practices caused within and outside of the concerned campus.

- To establish baseline data or compare the past trends and predict future impacts
- To recommend possible measures for improvement and highlight best practices

## METHODOLOGY

The methodology adopted for this Green Campus Audit has been as follows:

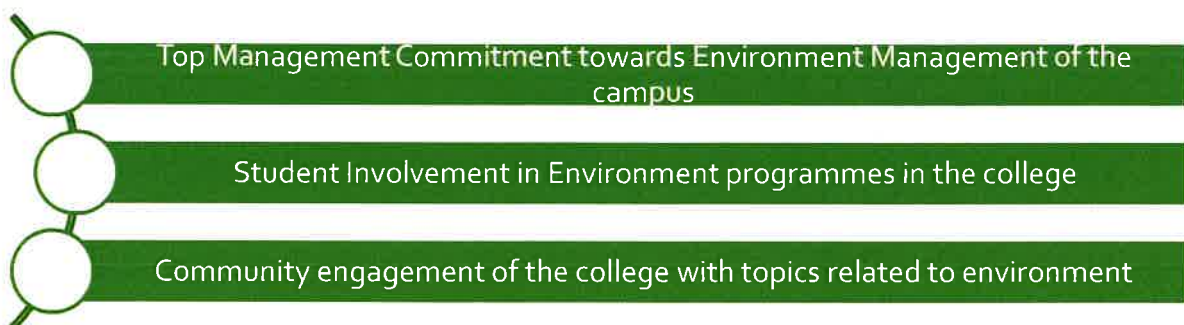

Physical inspection of the campus, observation and review of the documentation, interviewing key persons and data analysis, measurements and recommendations were the process adopted in the process of audit report preparation.

## SCOPE OF WORK

The study covered the following area to summarize the present status of environment management in the campus.

The Audit Framework also examined other 'Soft' aspects of the Greenness of the Institution, which are as follows:

## APPROACH ADOPTED FOR THE REPORT

This Environment Audit Report is prepared by examining all the data provided by the college and physical verification of the data wherever possible. The analysis is interpreted in the Environment framework and reported under each of the above aspects delineated. A summary of the report and recommendation for further improvement is provided in the end of the report

## MANAGEMENT COMMITMENT TOWARDS ENVIRONMENT – ASPECT -1

### ABOUT THE COLLEGE

Kristu Jayanti College, founded in 1999, is managed by "BODHI NIKETAN TRUST", formed by the members of St. Joseph Province of the Carmelites of Mary Immaculate (CMI). The College is affiliated to Bengaluru North University and is reaccredited with grade 'A' in 2015 by NAAC in the Second Cycle of Accreditation. The College is recognized by UGC under the category 2(f) & 12B. The College was accorded Autonomous Status from 2013. For its contribution in the field of Education, Kristu Jayanti College was recently given the Heroes of Bengaluru award. In the India Today - MDRA survey 2019, Kristu Jayanti College, Bengaluru is awarded as the Best Emerging College of the Century at National Level and the college is ranked 6th Best BCA, 12th Best MSW, 19th Best Arts, 21st Best Commerce, 21st Best BBA and 26th Best Science College in India. The College also ranked 2nd Best in BCA & MSW, 3rd best in Commerce, 4th Best in Arts & Science and 6th best in BBA among the colleges in Bengaluru.

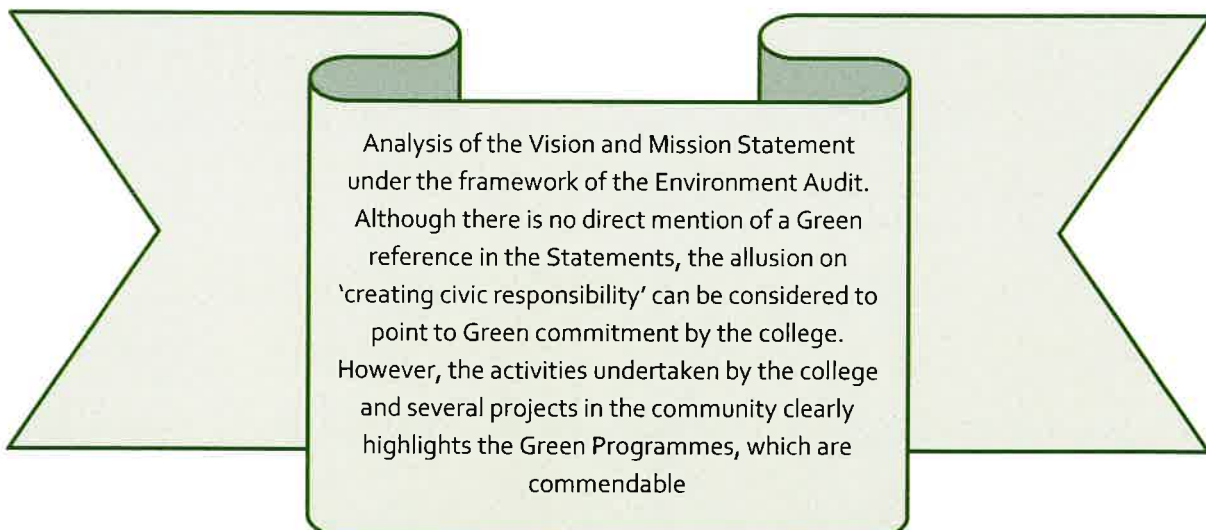

### VISION AND MISSION STATEMENT

#### VISION

'Light and Prosperity': To provide intellectual and moral leadership by igniting the minds of youth to realize their potential and make positive contributions leading to prosperity of the society and the nation at large.

#### MISSION

'Kristu Jayanti College strives to provide educational opportunities to all aspiring youth to excel in life by nurturing academic excellence, fostering values, creating civic responsibility and building global competencies in a dynamic environment

## STUDENT INVOLVEMENT IN THE ENVIRONMENT PROGRAMMES OF THE CAMPUS- ASPECT 2

The list of programmes and projects undertaken by the college for the said audit period was examined. Programmes which had environment or ecological agenda were delineated and examined for the effectiveness. The result of such an analysis is provided as Annexure 1- Beyond the campus activities

- The Environment Club in the College is a good practice adopted which is proof of the student involvement.
- The said audit period had about 11 programmes which are directly linked to environment aspects and enhancing the greenness of the campus.
- Awareness of the students have increased due to such campus programmes, which is imperative
- The students have participated in several inter college environment competitions, which also proves the student involvement in green initiatives, encouraged by the college
- Students have participated in activities in the community – like Anti-plastic campaign in the college adopted village, which shows the commitment beyond the campus

## COMMUNITY ENGAGEMENT OF THE COLLEGE WITH TOPICS RELATED TO ENVIRONMENT – ASPECT 3

The college has adopted a 5 Villages for community engagement. The programmes undertaken as part of the Unnat Bharat Abhiyan by the college was good. The programme was Environment Awareness for the community, focused on 'Anti-plastics', discouraging plastic carry bags. A detailed report is **Annexure 1 section 2**

## WATER CONSERVATION MEASURES

The water source for the campus are two bore wells (more than 1000 feet). The campus has adopted Rain water harvesting measures, which is very impressive. About 70% of the water consumption of the campus is undertaken through harvested rain water. For safe drinking water, RO plants are installed in canteen. The RO reject water is let into the drain. Currently no waste water recycling is practiced. The water consumption per day in the campus is 6,75,000 litres per day.

However, in summer, with these measures, the campus is still not able to manage its requirement. Hence, an additional source through a tanker from outside is bought to take care of the needs of campus activities.

The total water consumption benchmark for a campus without residential students staying on the campus, is 45 litres per day per person. The consumption of water in Kristu Jayanti College for the year 2018-19 is found to be double the benchmark.

Hence, there is an immediate requirement for reduction in consumption/ arrest loss of water through plugging leakages. Water conservation measures should be adopted immediately.

## WASTE MANAGEMENT

The Waste Generated from the campus has been estimated as 30-40 kilograms per day. At present there is no proper waste management facility in place and the waste generated is being handed over to the municipality on daily basis at a rate of Rs.4000 per month. The quantification of waste is not practiced. Segregation of waste is undertaken. There is a separate composting facility for leaf litter and it is being used for the herbal garden. A proposal to set up biogas plant for the hostels outside the campus is being proposed. There are several dustbins in the campus and therefore, the cleanliness in the campus is quite good.

The total waste generation benchmark for a campus without residential students staying on the campus, is 0.05 kgs per day per person. There is no clear quantification of waste generated in the college. Immediate action needs to be taken for quantification of the segregated waste.

## WASTE WATER MANAGEMENT

The wastewater generated in the college campus is treated in campus and is used for watering of garden. The Sewage Treatment Plant (STP) capacity is 90 Kilo liters per day, which is for the main blocks. The technology used is Sequential Batch Reactor system which has tertiary treatment and is used back for flushing purpose (yet to be commissioned). The wastewater generated in the rest of the building is treated by individual septic tanks and soak pits. There is a plan to install another wastewater treatment plant.

The sewage treatment plant is maintained by M/s Aqua Purification Systems, Bangalore. The treatment plant caters for a demand for 5000 Students. There is a deficit and hence, needs attention.

The quantity of wastewater generated in the campus is assessed as per IS standards (IS 9868/1981) which is 45 litres per day per person.

## BIODIVERSITY ENHANCEMENT

The campus is home to variety of indigenous plants and trees. Every year new varieties of plants and trees are being planted and nurtured. There are three full time gardeners. A medicinal plant garden is maintained by the environment club students and the species and medicinal uses of plants have been labeled and documented. The department of Life Sciences has taken the initiative to map the species of flora in

the campus. A vegetable garden and nursery is also maintained in the campus. The complete list of medicinal plants have been attached as Annexure . Total campus area is 8.5 acres, out of which the green cover is about 2.8 acres

#### GREEN POLICIES AND MANAGEMENT

The college assesses the environmental impact of the institution and takes necessary measures to promote consciousness, preservation and protection of the environment. The college has valid documented and well circulated green policies.

Kristu Jayanti College organizes Social outreach programme every year for the second year undergraduate students

The objectives of the programme

- To aid the poor and the marginalized and contribute to the integral development within the capabilities of the college in order to meet their physical and psychological needs.
- To sensitize students about the realities of the society and to develop people oriented attitude and concern for others

## RECOMMENDATIONS

Management Commitment	<ul style="list-style-type: none"> <li>•Environment Policy for the College: Although there is a mention of the environment aspects in the college's "Infrastructure and maintenance Policy" – which states that – "Utilisation of renewable energy resources by harnessing rainwater and solar energy and sewage water treatment", "Aim for zero percentage wastage through effective wet and dry waste management", "Create and maintain a green certified campus", it is important for the College to highlight its Eco-friendliness by drafting a separate 'Environment Policy' which is inclusive and action oriented.</li> </ul>
Management Commitment	<ul style="list-style-type: none"> <li>•The College should be proud of its Eco-infrastructure and display the same with its eco-friendliness in the website upfront. The saving potential and carbon friendliness needs to be showcased. Its targets for improvement also should be put forth.</li> </ul>
Student involvement	<ul style="list-style-type: none"> <li>•Involvement of Students in Eco-Infrastructure projects to maintain the college infrastructure and evaluating the existing infrastructure should be undertaken</li> </ul>
Community Involvement	<ul style="list-style-type: none"> <li>•The community programmes should be designed which is long term, which should see the physical changes in the villages which are tangible and carried out by different departments with same thread. For example, Water conservation activity in the village for three years with clear target of increasing the water harvesting area and structures in the village. The results can thus be physically measured.</li> </ul>
Water conservation	<ul style="list-style-type: none"> <li>•The water harvesting structure installed should have a water level meter installed. A water audit spreadsheet should be maintained by the college with clear target set annually for conservation measures.</li> <li>•Taps in the toilets should be replaced with air pressured water conservation measures.</li> </ul>
Waste management	<ul style="list-style-type: none"> <li>•Composting of food waste from the canteens to be undertaken</li> <li>•No single use plastic within the campus to be made as a policy in the campus. Boards banning single use plastic to be displayed in the campus in prominent places</li> <li>•Weighing machine with segregation of waste, which is digitised to be installed in the college. This will enable the college to adhere to the 'Smart and Clean campus' parameter . This will also capture the various waste streams of the campus like E-Waste, Recyclables like glass, rejects, organic waste etc., on a real time basis and help in setting targets for reduction. Resource efficiency can be proven using this measure</li> </ul>
Wastewater management	<ul style="list-style-type: none"> <li>•Recycling of the treated water should be undertaken.</li> <li>•Installation of DTS (decentralised wastewater treatment system) for the standalone new buildings to be undertaken.</li> </ul>

Bio-diversity  
conservation

- Develop entrepreneurship through student involvement with the medicinal plant cultivation
- The current research activities involved with medicinal plants to be linked with Ministry of Ayush through World Ayurveda Foundation to take it to the community.

Energy Management

- Newer buildings to be constructed to be made according to Green Building concepts
- Any new infrastructure to be added to follow the guidelines of green material management

# ANNEXURES

### Annexure 1. Consolidated List of beyond the campus environmental activities

Date	Name of the activity	Organising Unit	Theme
06-05-2018	Environmental protection.	Centre for Social Activities	World Environment Day
15/08/2018	Visited an Orphanage "Home of Hope"	Centre for Social Activities	Independence Day Celebration
25/08/2018	Van-Mahotsava	Centre for Social Activities	Tree Plantation
28/09/2018	Bhavishya Jyothi	Centre for Social Activities	Providing books, uniforms
10-02-2018	Swachh Bharat	Centre for Social Activities	Awareness about cleanliness
06/12/2018 to 09/12/2018	Rural Exposure Camp	Centre for Social Activities	CSA Rural Exposure Camp
25/01/2019	Awareness among young voters	Centre for Social Activities	Voters Day Celebration
21/06/2018	Awareness Programme	NCC	International Yoga Day 2018
07-07-2018	Village cleanliness campaign	NSS	Public awareness on keeping our environment clean
08-04-2018	A clean campus drive	NSS	Swachh Bharat
18/08/2018	Visit to NGO	NSS	Community participation and service
10-02-2018	Swachh bhara abhiyan	NSS	Environment clean
01-04-2019	Village cleanliness campaign	NSS	Clean village campaign
19/01/2019	Awareness campaign on Health and Hygiene	NSS	Awareness campaign on health, hygiene and importance of gaining literacy
19/01/2019	Visit to mercy home	NSS	Community participation and service
23/01/2019	Awareness on social media addiction	NSS	Social Media Addiction
25/01/19	Rally for creating voting awareness	NSS	Voting Awareness
31/01/19	Awareness Campaign	NSS	Smog-Free Bangalore Campaign

**Annexure 2. Paper Recycling Activity Certificate**

**Annexure 3. Important data examined during the audit**

Total student strength	5841
Day Scholars	4843
Residential students	998
Floating population	40
Total teaching faculty members	202
Management and support staff	25
Total sanctioned (approved) student intake	3270
Total built-up area	57164 Sqm
Adopted villages	5 villages
Unnat Bharat Abhiyan	2018 - 19
UNAI	-
RO Plant	500lph+250lph+250lph
Rain water harvest installed Y/N	Y

Rain water harvest capacity	4410000 litres
STP installed Y/N	Y
STP capacity	96000 litres
Recycling of paper	MoU with ITC
Waste recycling	Reuse of metals, Remodeling of woods
Sensor based water taps Y/N	Procurement process is on
Sprinkler/Drip irrigation Y/N	150 meters
Compost pit Y/N	1
Vermicompost pit Y/N	1
Biogas plant Y/N	In planning phase
Green area (Sq.ft.)	52088
No. of trees	700
No: of medicinal plant species	100

### DEPARTMENT OF LIFESCIENCES TECHNOLOGY TRANSFER FROM LAB TO FIELD (2018-19)

#### **Title of the Practice**

Biofertilizers can be expected to reduce the use of synthetic fertilizers and pesticides. The microorganisms in biofertilizers restore the soil's natural nutrient cycle and build soil organic matter. Through the use of biofertilizers, healthy plants can be grown, while enhancing the sustainability and the health of the soil can be restored. One of the major advantages of such fertilizer is that it does not harm the environment or in other words it's environment-friendly.

Hence the present study was made to evaluate the efficacy of biofertilizer consortium developed in the Biotechnology Research Laboratory of Kristu Jayanti College and tested in field provided by Alamba charitable trust, Gubbicross, Bangalore Rural district of Karnataka;

#### **Objectives**

- ✓ An alternative eco-friendly approach to sustainable agricultural practices shifting the crop field practices to use of organic fertilizers and microbial biofertilizers.
- ✓ To increase the close associations of many bacteria and fungi with the crop plant which improves growth and immunity.
- ✓ To improve the fertility of the soil and crop productivity.

#### **The Context**

Vegetative parameters of the cultivated crops were good, observed healthy with minimal pests attack. Few planted crops started yielding, yield parameters to be observed in the coming weeks.

## **The Practice**

The beneficial microorganisms such as *Rhizobium sp.*, was isolated from the root nodules of legumes; *Azotobacter sp.*, and phoshosphobacteria were isolated from the soil respectively. They were mass prodced, mixed in right proportions and injected into the carrier material (peat) to prepare biofertilizer consortium.

## **Crops tested**

1. Tomato
2. Brinjal
3. Beans
4. Cucumber
5. Ridge Guard and
6. Corn

## **Evidence of Success**

Since two years we are using the same field for our practice, the fertility of the field (soil) was observed better in growth and nutrients tested before and after the application of microbial consortium compared to last year. Seedling emerged from the soil soon and started growing well as usual in agricultural field. Few crops started yielding and the parameters to be observed. This shows the soil fertility, water percolation and aeration of the field for good productivity.

## **Problems Encountered and Resources Required**

Sufficient water facility was not there, regular monitoring and watering were found to be difficult. Because it's far away from our college. So we suggest that if we get a small plot of land from our college it would be useful to access and monitor nearby.

**Field site in Alamba Charitable trust**

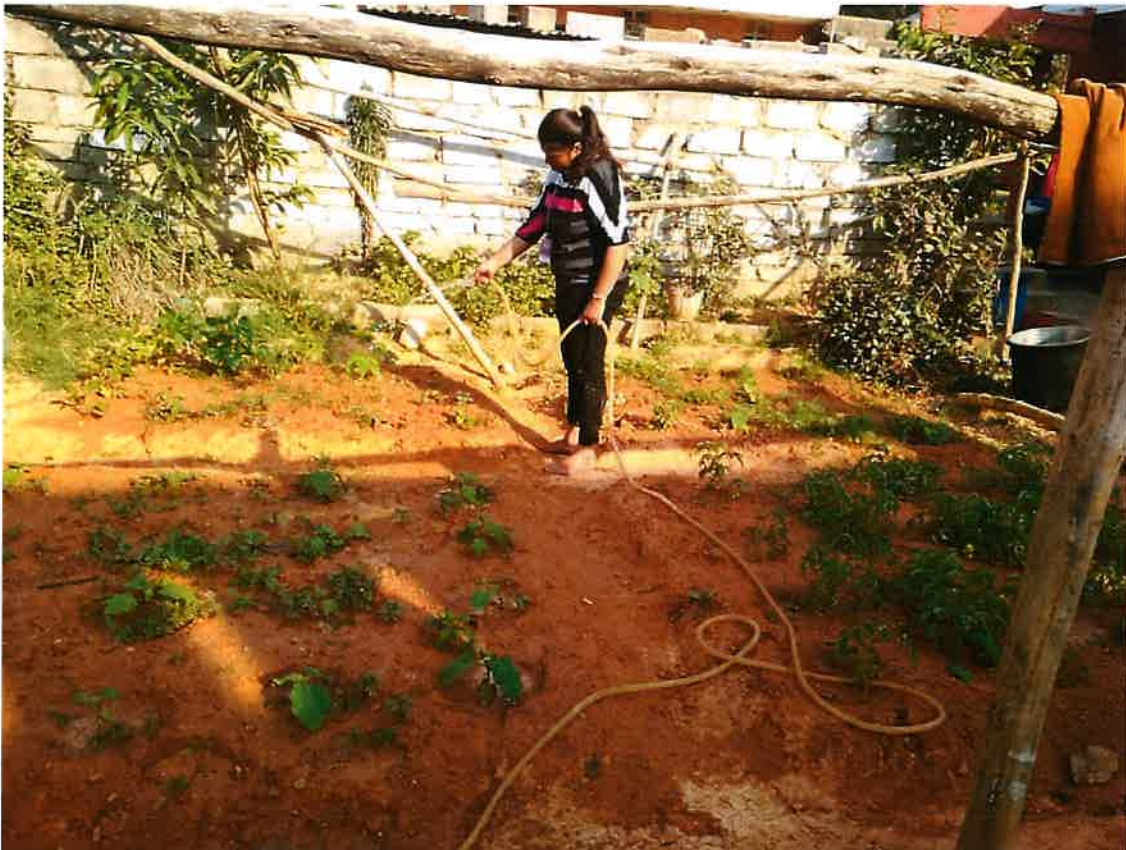

**Planting of 20 days old vegetable saplings**

**3 weeks after planting**

Report Prepared By Dr. Sivagamasundari

## CENTRE FOR SOCIAL ACTIVITIES (CSA)

### REPORT ON ENVIRONMENT DAY

**Date:** 05/06/2018

**Beneficiaries:** People residing near N. Nagenahalli and CSA Volunteers

**Name and details of the Chief Guest:** Smt. Radhama Ventakesh BBMP Corporator, Horamavu ward

**Objective:**

- To help the community to acquire a set of values for environmental protection.
- To make the students and society aware and acquire knowledge of pollution and environmental degradation.
- To help the students in realizing the inter-relationship between man and environment

**Brief write up of the Programme:**

World Environment Day is the most important day for encouraging worldwide awareness and action for the protection of our environment. It has grown to become a global platform for public outreach that is widely celebrated in over 100 countries. World Environment Day is the "people's day" for doing something to take care of the Earth. That "something" can be focused locally, nationally or globally; it can be a solo action or involve a crowd.

CSA of Kristu Jayanti College observed the world environment day in association with Government Primary School Narayanapura by planting saplings on 5 June 2018. Rev. Fr. Emmanuel P.J., Director of Jayantian Extension Services inaugurated the program by planting saplings in the school premise. The Programme was organized with an aim to create awareness about the importance of growing and safeguarding the trees. Ms. Hemavathi, Head Mistress, Government Primary School Narayanapura, NSS Program Officer, CSA Coordinators, KJC Alumni and CSA Volunteers were attended the function. Volunteers enthusiastically participated in planting the saplings and poster making. Around 60 volunteers planted 50 saplings.

### **REPORT ON INDEPENDENCE DAY CELEBRATION IN HOME OF HOPE**

**Date:** 15.08.2018

**Beneficiaries:** Inmates of Home of Hope

**Objective:**

- To sensitize students to social work.
- To sensitize students to the predicaments and problems of aged people.
- To become aware of the joy of serving and being with the aged.

**Brief write up of the Programme:**

Independence is day is day of joy, pride and rejoice. Center for Social Activities of Kristu Jayanti College has chosen a unique way to celebrate Independence Day of 2018.

Volunteers of CSA visited an Orphanage “Home of Hope” on 15 August, 2018 and spent their valuable time with the inmates of Home of Hope. Volunteers actively interacted with the forsaken ones in the society home and performed various cultural activities to entertain them. Groceries of worth Rs. 12,000 were donated. Documentary about the Orphanage was screened to the volunteers, where they could observe the upbringing process of the orphanage. Volunteers mainly learnt the value of sharing and caring for others and people of orphanage appreciated this gesture of the students. Around 80 volunteers visited along with four CSA staff members.

## CENTRE FOR SOCIAL ACTIVITIES (CSA)

### REPORT ON VAN-MAHOTSAVA

**Date:** 25.08.2018

**Beneficiaries:** People living near K. Narayanapura Government School

**Objectives:**

- To provide social groups and individuals with an opportunity to be actively involved at all levels in environmental decision making.
- To develop a sense of responsibility and solidarity among students and social group.
- The main aim of this program is to succeed in making individuals and communities understand the complex nature of the natural and the built environments.

**Brief write up of the Programme:**

Van Mahotsava, a festival of tree plantation is organized to instill the value of social responsibility among students for safeguarding trees and forests. Centre for Social Activities of Kristu Jayanti College had organized “Van-Mahotsava” on 25 August 2018 at K. Narayanapura. The event created an enthusiasm among students towards preservation of forest and planting of trees, as “trees mean water, water means bread and bread is life”. This program would gift a green environment to the coming future. Around 100 CSA volunteers along with CSA staff coordinators planted 30 saplings. The event also helped to bring awareness about the green cover around us. Students got to learn a lot and will always cherish the memories of this important occasion.

### REPORT ON BHAVISHYA JYOTHI

**Date:** 28.09.2018

**Beneficiaries:** 100 K.Narayanapura Primary School Students

**Objective:**

- To enhance the social responsibility of students.
- To full fill the educational needs of School Children.
- To help the students connect with the society

**Brief write up of the Programme:**

Bhavishya Jyothi is a student initiative program of Kristu Jayanti College for the underprivileged, economically backward, orphan or single parent children. It aims at quality education by providing basic facilities and educational materials like books, bags, uniforms and other stationary items. As part of Bhavishya Jyothi, medical support and computer education will also be provided to the students' community of select schools.

Center for Social Activities of Kristu Jayanti College had taken the initiative to support economically backward students under the banner of BHAVISHYA JYOTHI program on 28 September 2018. Stationary items like books and bags were distributed to 100 students of Government Primary school, Narayanpura.

Rev. Fr. Emmanuel, Director for Jayantian Extension Services, Kristu Jayanti College said, 'do not stop your education under any circumstances.' Mrs. Hemalatha, Head Mistress of Government primary school Narayanapura said dropouts have been reduced and attendance is stable after the schools' association with Center for Social Activities of Kristu Jayanti College. Faculty members of CSA Mr. Chandrashekar N, Mr. Manjunath.S, Mr. Chandrashekar R S, and student volunteers were present.

### **REPORT ON SWACHH BHARAT AND SWACHH CAMPUS DRIVE**

**Date:** 02/10/2018

**Beneficiaries:** Students of K. Narayanapura Primary School  
& Kristu Jayanti College

**Objective:**

- To create awareness about cleanliness and motivate them to practice regularly.
- To promote environmental protection and effective use of resources.
- To Promote and maintain health and sanitation practices among the students.

**Brief Write up of the Programme:**

**“So long as you do not take the broom and the bucket in your hands, you-cannot make your towns and cities clean.” – Mahatma Gandhi**

On the occasion of Gandhi Jayanti Celebration, Centre for Social Activity is organizing “Swachh Bharat & Swachh Campus” drive on 2 October 2018 at Government primary school Narayanapura in Kothanur. To Promote volunteerism as the best means of skill development as well as maintain solidarity for one world, CSA is also conducting Swachh Campus drive in Kristu Jayanti College vicinity on the same day.

Programme started at 8 am in Kristu Jayanti College campus. CSA Mime team went to school with a thought provoking mime that they have created to instill awareness about swachh Bharat. School students interacted with the mime team and experienced the true meaning of cleanliness.

Prof. Ramagokula Krishnan addresses the gathering about significance celebrating Gandhi Jayanti and Swachh Bharat Campaign. After that students were divided into small groups and cleaned the college campus. With that successful note Program came to an end.

## CENTRE FOR SOCIAL ACTIVITIES (CSA)

### REPORT ON RURAL EXPOSURE CAMP

**Date:** 06.12.2018- 09.12.2019

**Number of beneficiaries:** CSA volunteers & Purushanahalli village

**Objective:**

- To execute and spread United Nation Sustainable Development Goal 1 among Students
- To help the students to explore the world of rural environment
- To develop the students Interpersonal Skills
- To inculcate the social service behavior towards the rural society

**Brief Write up of the Programme:**

Centre for Social Activities of Kirstu Jayanti College is proud to organize the Rural Exposure Camp in Purushanahalli village, Doddaballapura Taluk, Bengaluru from 06/12/2018 to 09/12/2018. The objective of the camp is to enable students to understand the socio-economic and cultural conditions of rural life and to help students integrate essential values for life. The Theme of the camp is UN-SDG-1 “No poverty”. According to the United Nations, “Eradicating poverty in all its forms remains one of the greatest challenges facing humanity. In the spirit of eradicating poverty, some of the important activities that have been planned in the camp are as follows: Swachh Bharat/ Shramadhan, life skills training, e-Banking awareness, awareness on Mudra Yojana Scheme, career guidance, to name a few. Selected volunteers belonging to the CSA club will be accompanied by staff. It is hoped that the camp will bring about significant changes in the selected rural locality as well as make a positive contribution towards SDG-1 or no poverty.

**Day 1 (06.12.2018)**

**Inauguration** Rural Exposure camp was inaugurated by the School Headmaster Mr. Shiva Prakash and it was attended by Mr. Ramesh Achar, Kannada teacher. During the inaugural speech chief guest appreciated the efforts of CSA to organize a rural exposure camp and commented on the fruitful social activities that the camp is going to implement in the rural area.

**Life Skill Program**

Next event of the day was life skill program for school children organized by CSA volunteers. Effective communication, coping with stress, critical thinking, creative thinking, empathy and sympathy were the skills taught by CSA volunteers to the school students. Introduction about each topic was given by the volunteer followed by the knowledge they pose about that particular topic. Each volunteer interacted with the students by involving them in an activity related to the topic. Real life examples were given about the life skills for better understanding.

### **Sports and Games for School Children:**

Throw ball and Volley ball match was conducted for boys and girls, they were divided into separate two groups and match were conducted for 15 minutes, Team with highest score were declared has winners and prizes was distributed later.

### **Socio-Economic Survey**

CSA volunteers were divided into groups and were sent to two different villages, each group were given certain set of questions (questions were related about the family earning, facilities provided in the villages, about the facilities provided by government such as hospitality, women empowerment programs etc.). Students actively involved with the villagers and completed the survey. The main aim of the survey is to know the drawback of the village and villagers and further improve the village by providing the facilities which would help the village to improve further.

## **DAY 2 [07/12/2018]**

### **Sharmadhan [Swachh Bharath]**

Volunteers were divided into groups and were given a range of space to clean the unwanted plants in groove. Volunteers actively participated and leaned the place entirely which facilitated the people in village.

### **Literary Events**

Pictionary, Quiz, Drawing, Storytelling and poetry competition were conducted by the volunteers to the high school and primary school students. Pictures were drawn on the board by volunteers, participants have to guess the theme of the picture, the person with highest score was considered as winner. Drawing competition was conducted with the theme of nature, participants drew beautiful drawings, and volunteers interacted with the students and encouraged them to draw. In story telling competition participants narrated the stories in Kannada language.

### **Guest Lecture:**

Dr. Parmeshwar from Primary Health Centre, Holikunte, Doddaballapura Taluk took a class to the school students and volunteers about the facilities, social services provided to the poor people, services to the disabled, physically handicapped people by the Primary Health Centre. Lecture continued by explaining the difference between older generation and the present generation by narrating a small story which inspired the young minds with the moral as “Service is Life”. He also highlighted the ways to overcome the poverty, disabilities, problems that we face in the present generation. Volunteers were encouraged and inspired by the words of guest.

### **DAY 3 [08/12/2018]**

#### **Sharmadhan and Yoga**

Volunteers were divided into groups and were given a range of space to clean the unwanted plants in the school premises and clean the dust. Volunteers actively participated and cleaned the place entirely which facilitated the children to play joyfully.

#### **Prize Distribution**

Prizes were distributed to all the students who actively took part in various sports, literary and cultural events conducted by the volunteers. As a token of appreciation students were given prizes for their active participation in the events and to the remaining students pencils, pens and chocolates were distributed by the volunteers.

#### **Dairy Farm Visit**

The students had an opportunity to view and understand the functioning of a dairy farm. The visit enabled the students to acquire knowledge about the various, actuators, controllers, containers being currently used in dairy farm.

#### **Cultural Program**

To entertain the villagers and CSA volunteers, cultural program was conducted. CSA volunteers and alumni members were performed different events like dance, singing, drama, mimicry etc.

#### **Interactive Session**

Alumni conducted an interactive session for the volunteers. The volunteers were divided into groups and had a game session which tested the unity, knowledge, ideas,

awareness and social commitment of CSA Volunteers. This session was an eye opener to the CSA volunteers and it helped them to have introspection about their role as a CSA volunteer.

### **REPORT ON VOTERS DAY CELEBRATION**

**Date:** 25.01.2019

**Objectives:**

- To create awareness among young voters and enable them to participate in the voting process with enthusiasm
- Aim to have inclusive and Qualitative Participation in the coming Election.

**Brief write up of the Programme:**

Right to vote energizes social awareness since it empowers political cooperation. It also allows the people to choose their representatives in the government. Voting is crucial to activating the democratic process. In order to create awareness among voters, Centre for Social Activities in collaboration with NSS, NCC and the Department of Political Science celebrated the voter's day and organized a rally. Students marched towards nearby places of the college by carrying posters banners and placards bearing slogans. Volunteers interacted with the people and instigated the citizen to make use of their voting rights and thus become involved in the political process. Few of the slogans carried by volunteer were **"YOUR VOICE YOUR VOTE"**, **"VOTE IT'S YOUR RIGHT"**, **"BE THE CHANGE YOU WANT TO BE"**, and so on. All the volunteers had a wonderful experience. With there the rally came to an end. The program ended at 5:00pm.

**INTERNATIONAL YOGA DAY 2018**

**Date: 21<sup>st</sup> June 2018.**

**Time: 07:30 am - 10:30 am**

**No. of beneficiaries:**

<b>No. of SD's</b>	<b>26</b>
<b>No. of SW's</b>	<b>22</b>
<b>Total</b>	<b>48</b>

**Objective:**

The main objective of the event was to spread awareness about the benefits of yoga and to inculcate this habit as a part of one's daily schedule to ensure physical, mental, emotional and spiritual well-being of individuals. As universally declared by the UN, 21st June was celebrated all over the world, as International Yoga Day.

**Brief write up:**

The cadets reported at the Manekshaw Parade Ground at 7:30 am in track suits. The event was organized by Karnataka and Goa directorate of NCC. The event began with the welcoming of the Chief guest Mr. Ananth Kumar, the Union minister for chemicals and fertilizers. DDG Karnataka and Goa, Brigadier DM Purvimath also graced the occasion with his presence. Specially trained yoga instructors were present to guide the cadets to practice yoga as per the protocol. Several yoga 'asanas' and 'pranayams' were practiced and the benefits of each were told to the cadets. At the end a resolution was made by all cadets to keep them fit with the help of yoga.

The participation of NCC cadets at the international yoga day proved to be promising. Cadets learned how yoga helps, in rejuvenation of the complete body and mind.

## NATIONAL SERVICE SCHEME VILLAGE CLEANLINESS CAMPAIGN

**Date:** 7/07/18

**Venue:** Kothanur, K. Narayanapura

**Objective:**

To create public awareness on keeping our environment clean

To create a sense of social responsibility among the students so that the public will also appreciate and render their support for it

**Brief Write-up on the Program:** Cleanliness campaign was carried out in the neighborhood villages. About 115 volunteers participated in this event. The members were divided into two groups. One group was directed to move to Kothanur and the other group moved to K. Narayanapura. They took the responsibility of clearing the dry wastes that were spread around. The students enthusiastically and actively participated in this event. This activity ensured that all the wastes are cleared, ultimately making the environment clean. The students also created awareness among the public about maintaining cleanliness in the premises surrounding them.

### VISIT TO NGO

**Date:** 18/08/2018

**Venue:** Home of Hope

**No. of beneficiaries:** 250 old-aged people and 150 children

**Objective:** To offer support and courage to the old and disabled people as well as children

**Brief Write-up on the Program:** NSS volunteers along with the NSS program officers visited the NGO, Home of Hope located in Doddagubbi at 1.30 pm. About 16 NSS volunteers actively engaged in this programme. An amount of Rs.10000 was collected from the college and was donated to this NGO. Other materials such as medicines, food items, clothes and groceries were purchased and distributed to the Women's Wing of this home. This contribution was of great help to them as it met some of the basic necessities of the people leading their lives in the Trust. Apart from the contribution, the students also spent their time interacting with the inmates of Home of Hope. The program was concluded by 4.00 pm.

### **AWARENESS CAMPAIGN ON HEALTH, HYGIENE AND IMPORTANCE OF GAINING LITERACY**

**Date:** 19.01.19

**Venue:** Kothanur, K. Narayanapura and Geddalahalli

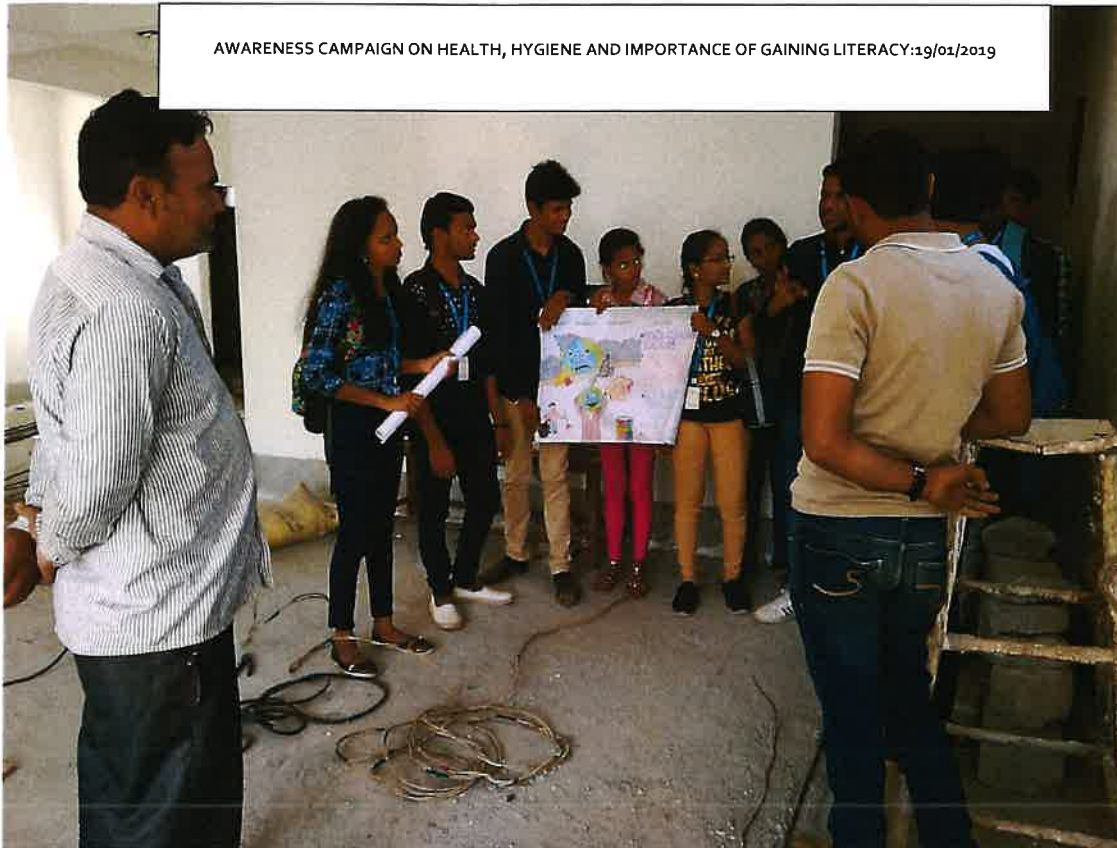

**No. of Beneficiaries:** 50 workers at various construction sites and 30 houses

**Objective of the Programme:**

To create awareness on promoting healthy food habits, maintaining proper hygiene and emphasizing the importance of education among the public.

**Brief Write-up on the Programme:**

As a part of the Youth Week programme, an awareness campaign was carried out on 19.01.19. This campaign focused on creating awareness about maintaining proper health and hygiene. The campaign also focused on the importance of gaining literacy especially for the workers at various construction sites across the villages of Kothanur, K. Narayanapura and Geddalahalli. The NSS volunteers prepared posters on various themes relating to health, hygiene and importance of education. The volunteers clearly emphasized the importance of maintaining proper health and hygiene by adopting healthy and good habits such as washing hands before having food, avoiding junk foods, drinking boiled water, etc.

## NATIONAL SERVICE SCHEME

### VISIT TO MERCY HOME

**Date:** 19.01.19

**Venue:** Mercy Home, Gubbi Cross

**No. of Beneficiaries:** 45 inmates of the home

**Objective of the Programme:**

To awaken the social responsibility and sensitize the students to social issues and build empathy towards the weaker sections of the society

**Brief Write-up on the Programme:**

NSS organized a visit to Mercy Home, Gubbi Cross. Student volunteers were actively involved in this programme. There were about 45 old and destitute women abandoned by their family/children in the twilight of their life.

Our volunteers interacted with each inmate and also organized some games and songs in which the inmates also participated. The volunteers also donated certain provisions for the home. This activity was carried out in order to inculcate the sense of social belongingness among the students.

## NATIONAL SERVICE SCHEME

### AWARENESS ON SOCIAL MEDIA ADDICTION

**Date:** 23/01/2019

**Place:** Government High School, Kothanur

**Beneficiaries:** 9<sup>th</sup> Grade Students

**Objective:** To sensitize the adolescents on the internet addiction, signs, risk factors, treatment and prevention of social media addiction.

The awareness programme started with a prayer song by NSS volunteers followed by welcome address proposed by Mr. Venu, IV Sem BBA NSS volunteer at 1.45 pm. A video on Social Media Addiction was played which gave an effective overview of the problem. Ms. Vijay Ishwarya, II BCOM NSS volunteer explained the positive and negative sides of social media and she explained how effectively social media can be used for intellectual development. She interacted with the students by asking the merits and demerits of using social media. A Poster Presentation was also done to give a clear view on the effects of social media. Another video was shown to help the students prepare for their examination. Tips were also given on how to write the exams effectively. The programme was ended with a vote of thanks delivered by Ms. Lakshitha, II BCOM NSS Volunteer.

**Feedback:** The students were overwhelmed by quality of the programme organized by NSS volunteers and they expressed their contentment. They were also given a platform to clarify their doubts which further enhanced the relevance of the topics discussed.
